

Dedicate School Nov. 9

MOKENA -- Last Monday, Oct. 13, was the final moving day into the new Willowcrest primary school. Two first grade classes took over the two ground floor rooms that were completed last week. Earlier, Sept. 28, the four second grade classes were moved into the four

new rooms on the second floor.

There are approximately 150 pupils in the first and second grades.

There is still work to be done on two ground floor rooms but for the present they are used as all purpose

rooms so their completion can be carried out with a minimum of class-time interruption, Supt. James Ennis told the board members at their meeting last week Wednesday night.

The board will hold its next meeting Nov. 12 in the new building and use the oc-

casion to check the punch list and ascertain what remains to be done, if anything. A representative of Healy, Moore Associates, architects for the board, will be present to assist in the inspection.

Formal dedication of the new primary building will take place Sunday, Nov. 9. The board selected this date as most appropriate for the dedication because it marks the beginning of American Education Week. The dedication will be part of the open house planned for the occasion. Administrators and board members, however, pointed out that parents and residents do not have to wait until then to visit the school.

Coleman Rogers, supervisor of instruction, reported to the board that recent legislation now allows schools to dismiss after three clock hours have been fulfilled for the purpose of in-service training or for parent conferences.

This may occur only 10 times in a given school year. The plan for early dismissal must be approved by the board of education county superintendent office and submitted to the state superintendent of public instruction before it could be started.

He said he was planning to draw up a proposal for the board's consideration to dismiss school early for one or two days in the spring to allow teachers time to have a second parent conference. In the past only one such conference has been held at the end of the first quarter. It has been the custom to dismiss school for the entire day on this occasion.

In final action the board decided to attend the Three Rivers Division fall meeting next Wednesday night, Oct. 22, at the Morris High school.

Cite Law In Dog Problem

By JACKIE FREITAG

LEMONT -- Members of the Lemont Village Board reviewed an ordinance published May 16, 1968, dealing with animals and animal refuse at the regular Monday evening meeting, this week.

The review was held in hopes of coming up with a solution of the problem that many area homeowners have faced and complained about -- dogs on a leash making a mess in their yards.

Mayor John J. Kujawa stated that he personally received at least six calls during the past week from irate residents complaining about neighborhood dogs being walked by their owners, and allowed to make messes on their lawns.

According to the ordinance: "It shall be unlawful for any person to allow any animal or poultry to deposit any dung or offal on any property other than that of the owners." The ordinance also states, "Any person who

shall violate any of the provisions of this ordinance, where no other penalty is provided, shall on conviction be fined not less than \$5, or more than \$500."

Board members stated that it is the responsibility of the individual dog owner to keep the animal off others' property, and up to the offended homeowner to notify the police department of any violators, and if personal warnings fail, to sign a com-

plaint and take the matter to court.

Among other board action, the annual Trick or Treat time set for the village is from 6 to 8 p.m. on Thursday, Oct. 30.

The Lemont Pollution Committee will meet on Oct. 17 at the village hall. The problem with gases in the air, and burning of leaves will be discussed. All interested citizens are invited to attend.

Block Convention Support

LOCKPORT -- Melvin Smith, assistant superintendent of District 205, said Thursday night that it is very important for department heads to be able to attend national conventions.

Smith feels that the opportunity to see what schools in other areas of the country are doing is not only beneficial to the teacher, but to the students as well. His remarks were included in a long discussion regarding conventions at the 205 High School Board meeting Thursday night.

Four thousand dollars has been budgeted for meetings and conventions. There are 40 department heads in the district at the present time Harold Scholle, superintendent, also spoke about the importance of these conven-

tions. He said that a large percentage of department heads have already asked permission to attend conventions pertinent to their field.

William Brill, president of the board, said that money has been found for everything else needed and that he, too, thought it was important to encourage teachers to attend these conventions in order to stay abreast of current procedures.

Board member Tom Wilson made a motion to allow all department chairmen, who so desired, to attend one yearly national convention at their own expense, and state and local conventions at the district's expense, until the \$4,000 was depleted. The motion was defeated by a four to three vote. The board

tabled further action, to allow time to work out some solution to the problem.

Ken Webster, administrative assistant to the superintendent, presented two proposals for board approval. One is the total guidance approach to education and vocational information.

One of the major objectives of this program is to provide students with a library of taped interviews and slide pictures relating to college life and vocational opportunities. Another is to provide the students with educational and vocational information that is up-to-date and relevant, and will be helpful to them in planning their future careers.

The other program is computer assisted calculus for academically talented

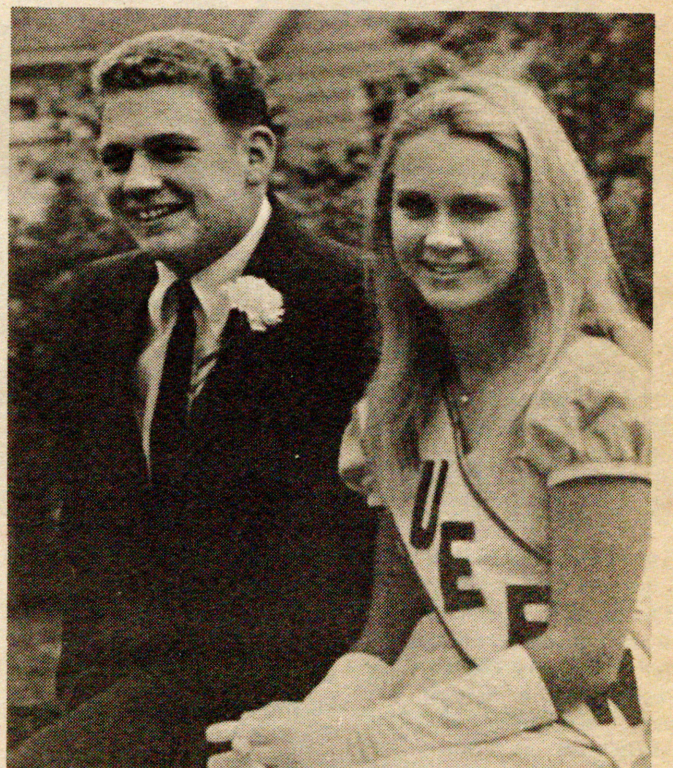

students. Both were approved as proposed.

In other business, the board heard a financial report from the superintendent relative to the first Football Tournament held in the district. The tournament netted over \$2,000. A two fifth share will go to Central East as host school, and one fifth to West.

The board also recognized Lockport Central-East and the athletic director, Robert Allen, for making this project such a success.

Scholle announced that Nov. 9 - 17 is American Education Week, whose theme is Better Education - Your Job. Open house is being planned at each school in addition to student programs.

Chelsea Gets New Furniture

FRANKFORT -- The Frankfort grade school board, acting on the recommendation of Supt. Leroy M. Olson, has purchased the furniture required to furnish the six new classrooms being added to Chelsea School from the Brunswick Co. The furniture will cost \$5,062.

The board also approved the superintendent's recommendation to lease an additional bus for the transportation of pupils. Increase in enrollment has made this necessary. Revised bus schedules became effective last Thursday. Parents have been supplied with information regarding the new schedules.

The board in filing its levies added one to meet the increased costs of the construction undertaken in

compliance with the state safety code for schools. The safety survey was made and the work started three years ago. The first year was devoted to improvement of the electrical and heating systems and the next year several ceilings were replaced.

The work will be completed next summer but in the meantime the original estimates had to be revised because of increases in costs. In all the program for the three summers will cost between \$18,000 and \$20,000.

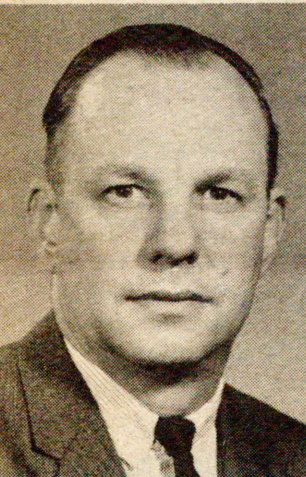

Work on the building programs at Frankfort and Chelsea schools was discussed. At this point, it was reported, the work is progressing on schedule and the board is hopeful that it will be completed by next spring.

There was some discussion

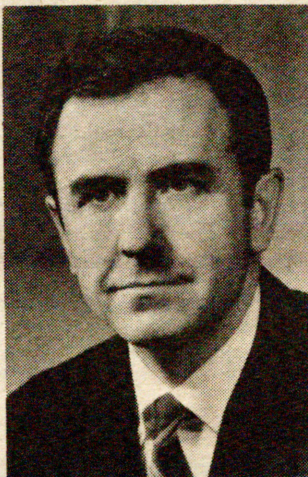

of the federal law under which schools are compensated by grants if a sufficient number of pupils come from families whose support comes thru federal employment. To qualify for such aid a school must have three per cent of its pupils from such families. In the Frankfort system there are 4.6 per cent such pupils. Applications for this aid will be filed later this year.

Olson reported that Bobzin-Swinford Post, American Legion, of Frankfort, has presented a plaque to the school in appreciation for the cooperation that has existed between the district and the Legion. The plaque has been installed at Frankfort School.

The board will hold its next regular meeting at 7:30 p.m., Monday, Nov. 10 in the Frankfort School library.

Crew Tells World It's Working

FRANKFORT -- "When (as the song has it) -- "that midnight choo-choo leaves for Alabama" -- it is quite likely that as the train neared crossings the engineer or the fireman tugged a cord, pressed a button or did what ever one has to do to set off the whistle.

The lyrics, however, do now dwell on the train phase but rather with the surging desire of the singer to get away from what in obviously Yankee-land back to the you-all country, and, of course, his dear old mammy. Therefore, there is no account as to what people along the route felt about being awakened by the whistle of the train.

There have been sentimental writings about the cheery sound of train whistles in the night and the comfort their sound

has brought to the lonely. Some contend that such sentiments had to do with days when engines were steam engines and the whistles were steam whistles. It was also pointed out that the whistle of a speeding train in the night might awaken a sleeper but it was only a temporary disturbance and doubtless the one awakened would drop off to sleep again.

But when it comes to a diesel switch engine clanking over the Michigan Central rails at Frankfort, loosing raucous blasts on its hooter at 5 o'clock in the morning, that is something else.

Village Clerk Walter Pfaff reported to the village board at its session last week that he has received a number of complaints from residents relative to this pre-dawn

whistle blasts and that while he was at it he would add his own complaints to the list.

It would be bad enough, the complain-ers say, if the engine tooted once for each crossing but Pfaff said that four blasts preceded each crossing and four blasts when the engine was backed over. With switching to do an engine can cross several times over a crossing, Mr. Pfaff pointed out, and when the fact is heralded by whistling, the early morning din at Frankfort has to be heard to be believed.

There are four crossings within easy ear-shot at Frankfort and four blasts at each going, and four blasts at each coming, plus four blasts for each re-crossing of crossings, comes up to a lot of blasts at anytime of day and even more so at 5 o'clock in the

morning, it was pointed out.

A letter to the railroad from the village asking that the engineer or firemen who pushes the whistle button temper the whistling with mercy for sleepers has been dispatched.

"We want them to whistle," said Mayor Glenn Warning, "because we don't want anyone killed, but it would be appreciated if they moderated it some."

Someone said that government and railroad rules set the pattern or standards for whistling as to where, when and how. Frankfort residents who complain of the early morning whistling have hopes regulations will permit the crew of the 5 a.m. Whistler tune it down as long as they can't tune it off.

Students See Preview Of Progress

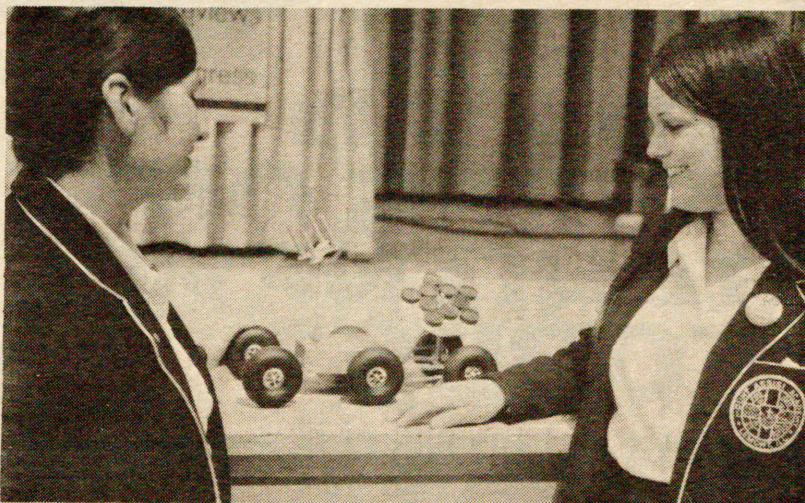

LEMONT -- Students at Lemont High School and at Mt. Assisi Academy heard that, "The world we live in today is merely a stepping stone to tomorrow, with countless challenging questions left for scientists and engineers to answer."

Speaking were two representatives from General Motors who presented a "Previews of Progress" program at both schools recently.

The non-commercial show seeks to encourage more student interest in science and engineering careers. It was presented in non-technical language by the lecturers.

Highlight of the 40-minute program was the Moon Rover, a 15-inch model of the General Motors Surveyor Lunar Roving Vehicle. The Rover runs on sunlight and has eight button-like solar cells which convert the energy in sunlight into electricity. A 300-watt lamp, simulating the sun's rays, powered the vehicle across an undulating table top surface.

The representatives explained how the Moon Rover demonstrates the potential of the continuing search for new ways to harness the

A MOON ROVER machine is looked over by Cynthia Mikulo, left, in photo at left, and Kathy Richards, students at Mt. Assisi Girls Academy. This is the model of the lunar vehicle that uses energy of sunlight as power. It may be used on the moon by 1971. Gyro wheel, a device used to explain how gyroscopes

tremendous energy of the sun for more efficient use.

Students also saw an alternate means of energy for lunar vehicles when during the show the lecturers made three fuel cells which converted chemical energy into electricity. The small fuel cells, made with chemicals in paper cup size containers provided enough power to run the Moon Rover.

The fuel cell -- a highly

efficient energy conversion device -- is subject of continuing intensive research, the Previews lecturers stated. They told students that GM has developed a full-size experimental vehicle to demonstrate the technical feasibility of electric propulsion by fuel cells.

A unique way to move heavy loads with little physical effort was illustrated by an "air bearing" plat-

form. A small vacuum cleaner type motor provided a thin film of air under three large circular pads supporting the platform. Their air-cushion reduced friction between the floor and the pads enabling finger-tip movement of the platform carrying about 200 lbs.

Two novel experiments involving "man-made" molecules showed modern chemistry's contribution to

progress. Synthetic foam plastic cake "bakes" itself in only two-minutes.

The importance of seat belt protection for vehicle occupants was dramatized by a model impact sled, a device automotive safety engineers have been using to test the structural integrity of car bodies and components.

Other demonstrations in

the Previews show covered the use of gyroscopes in modern navigation systems for space vehicles, aircraft and submarines and an explanation of how a gas turbine engine operates.

ing the country. About 1,500,000 students and adults will see Previews this year.

Halt Parking At I&M Building

LOCKPORT -- The Lockport City Council heard a letter from Grant Lawrence, zoning officer, at a meeting held Monday, Oct. 6. Mr. Lawrence stated several points of disagreement with the zoning section of Lockport's recently adopted Master Plan.

The council commented

that they were still reviewing the section in question. Alderman Swen Nelson suggested that copies of Lawrence's letter be made available for all the aldermen, members of the planning commission and the zoning board.

In other correspondence

the council received a letter from the Will County Historical Society regarding the parking lot north of State St. behind the I & M Canal Building.

The letter quoted Mrs. Guy Bucciferro as saying, "The parking area has been closed in accordance with the legal advice given by the

attorney for the society. The conveyance stipulates the property must be used for historical purposes and the society will abide by the state's directive in all respects."

According to Mrs. Bucciferro, the society has assumed all the responsibility

for financing liability insurance for the public land- ing, but parking will continue to be restricted. She added, "As to the city of Lockport owning the property, this remains unfounded."

The council expressed the hope that additional information regarding the property might be found in the course of the investigation into the legal ownership of the Central School property.

In other business the council - entered into a pre-annexation agreement with Joseph Zemaitis, president of Grant Builders, Inc. Zemaitis plans to develop ten acres north of 151st St.

- Heard a status report from Mort Lang, of Benjamin and Lang, regarding the preparation and sale of the sewer bonds. Mr. Lang stated the package was ready to be sent to New York for a rating. He expressed the hope that the city would be able to duplicate the "A"

rating of the high school district, which is the only overlapping tax body.

Rating is based on past performance and not on potential. He asked for city and water department audits for the past five years, to be included in the package.

- Alderman Miller related the problems of two residents who had asked him for assistance. A resident who resides on Franklin St. said that blasting somewhere in his area was causing his basement walls to crack. After some discussion, the council recommended that the citizen hire his own attorney.

The other complaint concerned drainage problems in the Drake Subdivision. A resident reported to Miller that buildings on Gloria St. have higher and higher elevations, and are causing problems to the property which lies below them. The council did not feel it could do much about this.

Story Hour Programs Renewed

FRANKFORT -- The story hour program started at the Frankfort Public Library last summer will be continued thru winter, it was announced by Librarian Arlene Santoro, as a new service for the children's department.

"The story hour conducted this past summer was highly successful in terms of

enthusiastic participation of the children," she said. "It is obvious that many, many children of this area have already developed the ability to be responsive to creative expression in the written form. It is also certain that others have yet to develop this ability.

"It seems clear," the librarian continued, "that the

reading of stories or poetry is an effective way to foster this love of books in children of either group. Therefore, the library will hold a story hour regularly on Thursdays from 3 to 4 o'clock. Parents of school children are urged to encourage their children to attend these story hours. Pre-school children also are welcome as there are no restrictions as

to age or residence."

It was also announced there will be a change in library hours. Beginning immediately, the librarian said, the doors will be opened at 2 o'clock on Tuesday and Thursday instead of at 3 p.m. It was her hope that this additional two hours will help meet the increasing demands of patrons.

NOTICE

Notice is hereby given that I have sold the business known as GERHARZ HOME FURNISHINGS located at 226-228 Main St., Lemont, Ill., to my former employee and his wife, Edward C. and Jessie B. Open House Tomorrow

LOCKPORT -- Next meeting of District 96 Parent-Teacher Organization will be held at North View School tomorrow evening.

An open house will be held at the school from 7 to 8 p.m. Parents and interested citizens may view the modern building and facilities. North View is all electrically heated and cooled, with three wings branching off from a central lobby, with the entire building on one floor.

In addition to 31 classrooms, there is a large gym and cafeteria, and office area. North View has a complete library and a television studio.

Enrollment is presently set at 941 pupils in grades one through six. The curriculum features a non-graded program in both the primary and intermediate grades, classes in music, art, physical education, and library usage which help to

enrich the regular course of study. Extensive use is made of audio-visual equipment and materials.

All North View teachers will be present in their rooms during the open house. No parent-teacher conferences will be held during this time. Rooms and hallway bulletin boards will show pupil activities.

After the open house, the P-T-O meeting will be held in the gym. Mrs. Mildred Edsall will describe the duties of a school nurse and display some of the equipment used for testing vision and hearing. Dr. Willia, Soiya will discuss children's teeth.

Refreshments and a social hour will follow the program. Child care service will be provided during the program.

P-T-O membership is \$1 for an individual, or \$1.50 for a family, which includes all family members over age 18.

Frankfort Match Co. Closes Up

FRANKFORT -- Superior Match Company in Frankfort, ceased operation Oct. 3, according to a letter sent to the Frankfort Village Board.

The company employs an estimated 250 persons. The plant is a subsidiary of Brown Paper Company. This was the first industry to open in Frankfort.

No reason for the closing was given by the company officials, but they stated that the building appearance would be kept up until it was sold.

New Concept Is Called Success

LOCKPORT - Lockport Township High School teachers who are involved in the Title I and Compensatory Education programs met recently to evaluate their program and to formulate plans for the school year.

Ken Webster, administrative assistant to the superintendent and director of special projects in District 205, welcomed the group. He said the administration desires to make Lockport schools outstanding in the area of reading, and to make their program the best in the state.

He explained tentative plans to expand the federally funded programs at Lockport and solicited suggestions and asked cooperation of the staff.

Dr. Melvin Smith, assistant district superintendent, spoke briefly. He applauded past efforts and challenged participants to more creative and imaginative education.

Mrs. Edna Breihan, district reading coordinator

and Title I project director, gave an overview and evaluation of the Title I project, and outlined plans for this year.

Phil Polley, chairman of the English department of Lockport East outlined compensatory curriculum study committee summer work. The committee made a study of revising the curriculum to prepare a course of study in English and social studies on the tenth grade level, so subjects would become more relevant and interesting for the less academically inclined.

Polley, and other teachers who are using this new course, commented on the apparent success in the first few weeks of school. No single textbook is used, but rather a multi-media approach with much material gathered from a variety sources having one thematic concept.

To Make Home In Kentucky

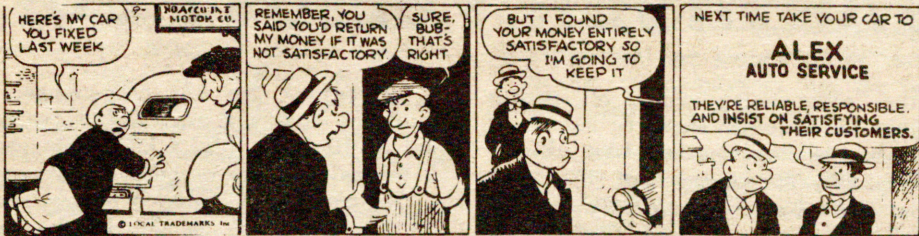

NEW LENOX -- A. Hunter Chapman, retired superintendent of Lincoln-Way High School, and Mrs. Chapman are leaving New Lenox this Thursday for Lexington, Ky., where they will make their home.

Chapman, who retired July 1, had been head of the school since the district was organized in 1952.

For the past several weeks he has been assisting Ray Page, state superintendent of public instruction, at Page's request. It was Chapman going thru various bills pertaining to education that were passed at the recent session of the legislature, who called attention to provisions in the measure requiring school districts to provide major medical insurance for athletes that could have been a financial headache to most districts.

The bill would have required coverage up to \$500,000 with the premiums paid out of the educational fund of a district. Page got in touch with the governor's office and the governor vetoed the bill last week.

Assured Water Supply

The creation of a lake by damming the waters of the Kankakee River in the vicinity of Wilmington will assure area communities of a practically inexhaustible source of a potable water.

For more than a decade engineers have been warning of a steady drop in the water table from which the wells supplying the public needs draw their supply.

Back in the early 1950's William C. Ackermann, chief of the Illinois State Water Survey, warned of the falling water table and suggested the Kankakee River as a source of water supply for many communities.

This recommendation was reiterated in the early 1960's by the Stanley Engineering Co., which had been hired by governmental bodies and industries to determine a future water source for the area. Frankfort and Mokena were among the villages that contributed to the fund for this survey. The Kankakee was the most logical supply choice, the engineering firm reported.

And in recent years the Illinois Supreme Court turned thumbs down on additional use of Lake Michigan water unless a community could prove that it has exhausted all its existing sources of potable water.

Among the first to get the ball rolling to tap the Kankakee waters was the Joliet Regional Port Authority. Its general manager, James P. Hennessy, a former mayor of Joliet, proposed that a dam be constructed so that the waters of the Kankakee would form a lake. Municipalities, sportsmen's clubs, county boards and nature societies endorsed the idea.

State Senator Meade Baltz, of Joliet, submitted a bill in the upper chamber to

create a lake on the Kankakee and the legislation was handled in the house by State Rep. James R. Washburn, of Morris. The measure was passed and on Oct. 3, Gov. Ogilvie signed it into law at a ceremony in Joliet.

It should be explained that this is the first step in the program. The bill signed into law provides an appropriation of \$20,000 for a feasibility study and \$925,000 for the engineering and the acquisition of a site for the proposed lock and dam.

The next step will be taken in the next regular session of the General Assembly when a bill will be introduced to provide the funds for building the dam. According to those directing the project the state would be repaid thru the sale of water to the various municipalities.

Newspapers and magazines for the past several years have carried stories of water shortages in various sections of the country, including portions of Illinois. People are beginning to realize that an adequate water supply is something that cannot be taken for granted. Water is vital to the health and economic well being of a people. The area is fortunate that action is being taken to provide it with an ample supply of potable water. One has to have water to stay alive -- it is as simple as that.

Damming the waters of the Kankakee will not only provide the area with an adequate water supply but the formation of a lake will also provide a great recreational site.

All of us are indebted to the individuals and organizations whose efforts make this lake project possible.

Salute To Lunchrooms

In recognizing the importance of good eating habits in direct relationship to good health and good students Oct. 12-18 has been proclaimed National School Lunch Week. A proclamation signed by the President, state governors and many mayors signifies the importance attached to this everyday school activity.

It is said that the first school lunch program originated in Germany in 1790. Since then an effort to provide students with some kind of meal during the school day has continued. The United States Federal Government instituted a federal program in 1946 and many schools are today serving breakfast and lunch to students.

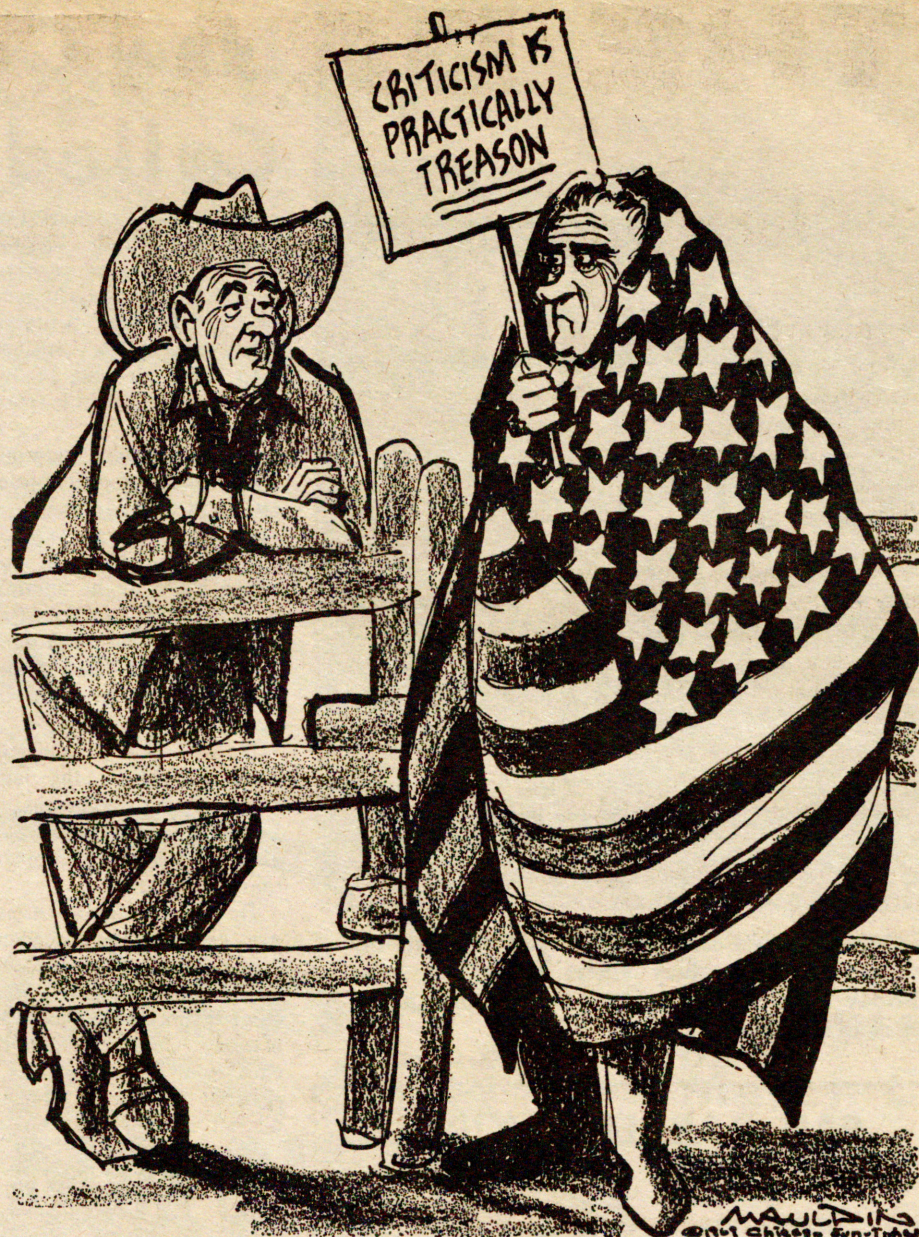

Good eating habits are stressed in the

According to "Michigan Food News," current crime reports show that there are 150,000 shopliftings per week in food, department, variety and other type stores. Average value of merchandise per "take" is \$28. For every \$100 of merchandise a retailer stocks, about \$1.50 will be lost to shoplifters.

Type A Lunch offered in our schools. The Type A Lunch was designed to meet 1/3 of the child's daily requirements and consists of two ounces of protein, three-fourths cup of two or more fruit-vegetable combination, a slice of enriched bread, one teaspoon of butter or fortified margarine and one half pint of milk. Special effort is made to include foods rich in Vitamins C and A. This guideline was established for youngsters 10 to 12 years of age. In the secondary schools food amounts are increased and "filler-uppers" added.

On Wednesday, October 15, 1969, all schools are asked to observe a "Universal Menu" consisting of hamburgers on a buttered bun, buttered green beans, tossed salad with tomato wedges, fruit cup, peanut butter cookie and a half pint of milk.

Parents are invited to visit school cafeterias during National School Lunch Week and in most schools they may partake of the school lunch by calling and making arrangements with the Manager of the cafeteria.

Homework

The "trick or treat" season seems to be a year long event for many of the less informed members of our society, but be that as it may, there is only one Halloween. This is the day of days for the rascals among us. This is the time of year they vent all the pent up hatred and indifference, within their mixed up minds, upon the businessman and homeowner alike.

What was once a night of harmless pranks, parties and children's laughter has evolved into a night of wanton destruction in almost every community in the country. Bands of youngsters, old enough to know better, commit acts of senseless mayhem in the name of "fun." Their fun is a costly exercise in parental apathy.

Many parents feel they are doing all things right for their offspring. Many of these same parents cry out their indignation at being called irresponsible or remiss in their parental obligation to their children. Nevertheless, the wild actions of most teenagers can be laid on the doorstep of their homes.

Clothes, cars and a permissive attitude do not constitute full responsibility on the part of parents. Children expect and need love, respect and discipline. The respect a child has for his parents is usually relative to the amount of respect the parent has for the child. This

same parental respect is borne of many things of which discipline is no small part.

The urge of many parents is to give their children too much in freedom and material things. The intangible value of teaching their children to observe the rights of others somehow falls by the wayside. What is demanded of an adult should also be of importance in the education of our sons and daughters. We are bound by law not to damage the property of others. Nor can we harm the person of our neighbor without retribution. These fundamental rules of society are ignored by some youngsters.

For those parents too busy to set the example of responsibility and respect there comes a day of reckoning. All too often the reckoning is tragic and irreversible. Many "harmless" pranks have been the death of the perpetrator or the victim. . . or both. Disabling and permanent crippling of some has been the result of a "harmless" prank.

Less serious, but just as wrong is the defacing and damage of property belonging to others. Respect for life and property must be taught firmly and without reservation. There is no middle ground in this area.

Halloween is the ancient celebration on the eve before All Saints Day. This should have some meaning to most of us.

The Moon Versus Poor

The never-ending fight of various groups for a larger share of the pie of federal spending reached the ultimate inanity with the charge that, "The U.S. spent \$24 billion to go to the moon, but Nixon wants to spend only \$4 billion to help the poor."

The facts of the "moon versus the poor" controversy, as contained in a late issue of U.S. News & World Report, paint a different picture of tax dollar distribution. The U.S. is currently spending \$19 billion a year in direct aid to the poor from federal, state and local governments. This does not include spending for other services shared by people at all income levels. Nor does it include private charity.

By contrast, the \$24 billion spent to reach the moon was expended over a period of 10 years -- \$2.4 billion per year. If the new welfare program as proposed by the Nixon Administration becomes law, total governmental spending for the poor in the United States will increase to \$23 billion a year.

Aside from the financial arithmetic of moon flights versus government spending for the poor, U.S. space exploration represents the progress of a nation still growing in stature and vitality. All of us, including the poor, are benefactors of this growth. Instead of kicking, we should be proud. We have to progress to take care of the poor.

THE DRAFT

Reform and the prospects

for change in the draft law before the 1970 elections are slim

By PETER A. HARKNESS

(Copyright 1969, Congressional Quarterly, Inc.)

WASHINGTON -- For the second time in little more than two years, Congressional resistance to White House proposals for a draft lottery is stalling action on the politically entangled issue of the military draft.

With key Members of Congress in effect telling the President to do it himself, and the White House holding out for Congressional action, prospects for change in the draft law before the 1970 elections are slight.

Although almost everyone agrees that some type of reform of the military draft is needed, the question of what should be done and by whom is not yet resolved.

Mr. Nixon Sept. 19 announced that he would act on his own by Executive order if Congress did not adopt his proposal for a draft lottery by January. He said his other proposals, first sent to Congress in May, would be put into effect through administrative action.

House Hearings Begin

A special subcommittee on the draft of the House Armed Services Committee began hearings Sept. 30 on the President's request to repeal one sentence of the 1967 draft law prohibiting the institution of a lottery system through executive order.

In a preliminary statement, subcommittee chairman F. Edward Hebert (D La.) denied Congress was responsible for inaction. "Certainly this committee has not dragged its feet as far as the draft law is concerned," he said.

Both Hebert and Rep. L. Mendel Rivers (D S.C.), chairman of the armed services committee, consistently have argued that all draft reform proposals except a lottery based on youngest-first selection could be instituted by the President without new legislation.

Sen. Edward M. Kennedy (D-Mass.), chairman of a Senate judiciary subcommittee on administrative practices and procedures, announced Sept. 29 he would hold hearings on the administration of the draft law. Kennedy said, however, the hearings would show the President had ample authority to change the conscription process through executive order.

Two days later, Mr. Nixon ordered the Selective Service to delay the induction of draft-eligible graduate students until the end of their academic year. Previously graduate students were able to delay induction only until the end of a semester.

But Hebert's opposition to the lottery, coupled with inaction in the Senate armed services committee, makes chances for Congressional action on the draft highly unlikely this session.

Final enactment of a new draft law may be stalled until 1971, when the next Congress would have to undertake the task of renewing the law, which expires June 30, 1971.

Administration Proposal

In his May 13 message on draft reform, President Nixon asked Congress for the authority to institute a lottery system, the only proposal requiring Congressional authorization.

Among the other proposals, which could be effected by Executive order, were the induction of 19-year-olds first, postponement of the induction of graduate students until the end of their academic year,

Resistance is way up since escalation

(Copyright 1969, Congressional Quarterly, Inc.)

WASHINGTON -- Since the 1965 expansion of the Viet Nam war, resistance to the draft has become a nationwide movement and prosecutions for draft-law violations have increased by more than 1,000 per cent.

According to Justice Department statistics, 3,455 prosecutions were instituted in federal courts in the 1969 fiscal year for violations of the draft law, with 1,872 cases concluded and 884 defendants convicted. By July 1, 2,958 criminal cases involving 2,990 defendants were pending. The draft cases amounted to about 15 per cent of all criminal cases pending in federal courts.

By contrast, for the 1965 fiscal year the Administrative Office of the U.S. Courts listed 341 defendants charged with draft law violations, of whom 242 were convicted.

From 1965 through 1968, while total inductions into the military service increased 28 per cent, the number of youths appealing their 1-A classifications to the state appeal boards rose 1,110 per cent.

The number of youths who fled to Canada and other countries to avoid the draft altogether was estimated at 5,000 to 15,000 and the Swedish National Immigration Board reported in August 1969 that 267 American deserters or draft evaders had been granted asylum there in the past 17 months.

Draft resistance will continue to swell, the movement's leaders claim, when the local draft boards start inducing large numbers of college graduates and graduate students.

and a review of the System's guidelines, standards and procedures with a view toward "a more consistent policy of deferments and exemptions."

The President said he favored placing 19-year-olds in a pool of maximum vulnerability for one year, thereby removing much of the uncertainty which draft-eligible young men faced and enabling them to make definite plans for their careers.

Deferments for college undergraduates would be retained, the President said, with the understanding that when a student was graduated, he would join the 19-year-olds in the maximum vulnerability pool.

The lottery, before the start of each year, would arrange the days of the year as they were drawn at random. The order of drafting the 19-year-olds would be established by matching their birthdays with this list of days. The President said this system would insure greater fairness in conscription. Defense Secretary Laird Sept. 19 said Congressional inaction would force the Administration to institute what he called a "moving age group system," which required no change in the existing law.

Under this plan, young men from 19 to 20 years of age would be eligible for the draft. Each month, the Selective Service would choose a different date of the year at random. Draft quotas would be filled on an oldest-first basis by those men whose birth dates fell closest to the chosen day.

Those who had received student deferments would be placed in the 19-year-old pool upon graduation. In the system's initial year, men from 20 to 25 years of age who had been classified 1-A also would be added to the pool.

Controversy

Although the President's draft reform proposals generally were well received in Congress, leaders of both Armed Services committees were reluctant to reopen the draft issue because Congressional action, in their opinion, could produce changes in the conscription process they would consider too radical.

Rep. Hebert opposed Mr. Nixon's original lottery plan for a "scrambling of the birth dates," which he referred to as a "lottery by human error." Instead, he supported a natural lottery -- or what he called a "lottery by Divine Providence" -- created by inducing the 19-year-olds first, taking the oldest men in the pool each month.

Rivers supported Hebert's argument in a Sept. 18 House speech in which Rivers said that "the lottery concept of the Administration is nothing more than a scrambling of the dates of birth of various registrants available for induction. Thus, the lottery concept of the Administration is in

the last analysis not essentially different than the 'birth dates' provided registrants by Divine Providence. I am sure you will agree that both situations involve the element of change."

But the White House contended that the President's lottery proposal was essential to the reform package. The Administration considered Hebert's natural lottery inadequate because those young men born in the early part of their year of maximum vulnerability would stand a greater chance of being drafted than those born in the latter part of the year, especially if the draft calls decreased -- a situation the President viewed as unfair.

During the subcommittee hearings on the President's request to repeal one sentence of the 1967 draft law prohibiting a lottery, Hebert repeatedly contended that such an action would be tantamount to "writing a blank check . . . The President could do anything he wanted to do and we wouldn't know what kind of system they'd come up with."

Other Proposals

About 60 draft reform bills have been introduced so far in the 91st Congress -- more than 50 in the House and eight in the Senate.

Sen. Kennedy Feb. 25 introduced a bill that closely resembled both the Nixon plan and recommendations made in 1967 by the National Advisory Commission on the Selective Service.

The concept of an all-volunteer army, recommended by the President in the 1968 Presidential campaign, was supported by politically diverse factions in both the House and Senate. But Congressional action was not expected on any of the numerous bills proposing a volunteer force because of a number of factors including the exigencies of the Viet Nam war and controversy over the cost of the proposal.

A welfare recipient has received money for golf permits and greens fees from the city because physicians say he needs "special therapeutic exercise." His bid to buy a race horse with city funds was turned down. The city involved is the City of New York, a huge, disorganized metropolis that will be impoverished by welfare if current trends continue. It's easy to see why. As a postscript, it should be noted that the "special therapeutic experience" was apparently of dubious value. The man was in court for a hearing on four counts of grand larceny and three of petty larceny.

Education hasn't felt the full predicted impact yet

Copyright 1969, Congressional Quarterly, Inc.

WASHINGTON -- Relief for graduate students facing the draft was President Nixon's first action to change Selective Service practices by Executive Order.

The President on Oct. 1 ordered the Selective Service System to delay the induction of graduate students until the end of their academic year.

Graduate students previously had been able to delay their induction only until the end of the semester.

The President's action was regarded by many as an indication of the Administration's concern over possible campus disorders this fall directed against the Viet Nam war and the draft.

After President Johnson announced Feb. 16, 1968, that draft deferments for graduate students had been abolished, some educators predicted that the impact

on many graduate schools would be crippling. Estimates on the reduction in total graduate school enrollments ranged from 30 to 50 per cent, while others predicted that the percentage of college graduates being inducted into the army would exceed 40 or 50 per cent.

The predictions proved to be overstated, at least for the 1968-69 academic year. Neither the impact on the graduate schools nor the percentage of college graduate draftees has reached the predicted figures.

The Office of Education said early estimates for 1968 point to a drop of 5.6 per cent in full-time, first-year male graduate students in nine major fields of study, while the total full-time enrollment (including women and foreign nationals) increased 1 per cent in the fall of 1968 over the fall of 1967. That

was comparable to an increase of 8 per cent in the same fields from 1966 to 1967.

According to Selective Service, the total number of college graduates drafted in the 1969 fiscal year was 28,300, or 10.8 per cent of total inductees. For the 1968 fiscal year, 16,300 college graduates constituted 4.8 per cent of the total, while the figure for 1967 was 11,500 or 5.0 per cent.

Of the 28,300 college graduates inducted in the 1969 fiscal year, 24,100 had bachelor degrees only. About 4,200 had one or more years of graduate study, and 1,900 of them had received their graduate degrees.

But educators and officials of the Office of Education warn that the full impact of the draft will not be felt until the 1969-70 academic year. "It's not going to hit all at one moment," pre-

dicted Mrs. Betty Vetter, executive director of the Scientific Manpower Commission, a private agency supported by academic and scientific organizations, "but by the end of the first semester of next year's graduate school (1969-70), we should have lost about 50 per cent of the draft-eligible U.S. males who would have made up the Ph.D. class of 1973."

A commission report warned that, because of the nation's declining birth rate, "the age 22 population (normal graduation age) will be no greater in 1990 than it is today, and unless our need for highly trained specialists reduces before that time, our needs may be difficult to fill if sufficient numbers of today's 22-year-olds, who should be at the peak of their professional careers in 1990, do not finish their educations."

Name Merit Semifinalist

LOCKPORT -- Richard Lasota, a student at Lockport West High School, has been named a semifinalist in the 1969-70 National Merit Scholarship Program.

Announcement of his position was made by William Rutter, school principal.

Richard will now compete for one of 3,000 Merit Scholarships to be awarded in 1970.

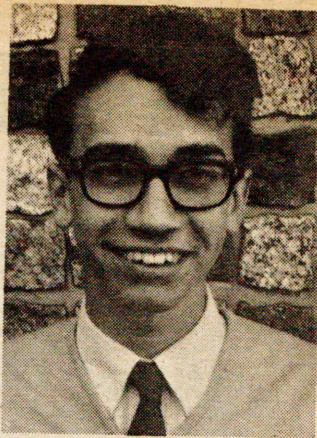

The semifinalists were the highest scorers in their states on the National Merit Scholarship Qualifying Tests,

which were given last February to some 750,000 students in 17,250 schools nationwide. They constitute less than one percent of the graduating secondary school seniors in the United States.

Richard was born in Leeds, England, in June 1953. His family moved to Toronto, Canada, in 1957, and then settled in Chicago in 1965. He attended Lane Technical High School for two years. In 1965 the family moved to their present address, 333 Hickory Ave.,

in Romeoville. His parents are Mr. and Mrs. Leon Lasota.

A member of the school tennis team, Richard is also a feature writer for the school newspaper, "Spartan." His hobby is music, and he plays several instruments. Richard has chosen Northwestern University as his college choice, and would like to teach and study journalism.

Friday Deadline For Con-Con Registration

WILL COUNTY -- Friday is the last day for new Will County residents to register to vote in the Constitutional Convention general election on November 18, reports Will County Clerk Clara Hartley Woodard (R).

Mrs. Woodard says this is also the last day anyone who has moved within the

county may change his registration to reflect his new residence.

Anyone is eligible to register who is 21 or who will be 21 as of November 18, is a U.S. citizen, has lived in Illinois a year, in Will County 90 days and in his election district 30 days, Mrs. Woodard explained.

The Will County clerk also announced the following timetable for voters who wish to vote in the Constitutional Convention general election by absentee ballot:

--Oct. 27 is the first day voters may file application for absentee ballot.

--Nov. 2 is the last day absent voters in U.S. mili-

tary service or dependents may make application for official ballot.

--Nov. 13 is the last day to apply by mail for absent voter's ballot.

--Nov. 15 is the last day for absent voters to apply for a ballot in person.

Anyone who is not registered but meets the voting

requirements may register in Mrs. Woodard's office in the Will County Courthouse, Joliet, between 9 a.m. and 5 p.m., or with local registrars in each township prior to Oct. 17.

For additional information call Mrs. Woodard at 729-8413.

Resident Decries Parkway Appearance

LOCKPORT -- Several residents of the city of Lockport spoke before the City Council at a meeting Monday, Oct. 6. One of the residents, George Michas, of 929 Madison St., asked if it is now illegal to park cars or trucks on the parkways of the city.

He feels that such parking is detrimental to the appearance of the city as a whole. The council agreed and added that it is illegal, except in isolated cases where large homes have been subdivided into apartments. In these instances, the curbing has been removed, and the parkway is used as a parking lot for residents of the apartments.

Michas also questioned the current status of the property at 420 E. 10th St.

Named Finalist

FRANKFORT -- Cynthia Stuenkel, daughter of Mr. and Mrs. Leonard Stuenkel of Frankfort, was among the 12 finalists chosen in the Miss Teenage Midwestern Illinois competition held recently in Aurora.

Miss Stuenkel is a senior at Peotone High School. If she wins the next competition in Aurora she will represent Illinois in the contest.

He stated that new occupants were now in the house, and wondered if the city's past position on this property still held. They said that it did and that the new occupants would be sent the same letter which had been sent to the former owner, regarding safety factors on the property.

Harold Carter, asked the council for permission to fence in a small portion of city property, with the understanding that if the city ever wanted to use the property for any purpose, he

would remove the fence. He was referred to the Public Improvement committee.

Ronald Strahanoski, president of the Dist. 91 board

of education, reported that the board had voted to board up all the windows at Central School, and hopefully, would start immed-

ately. He also asked the council for increased police supervision of the property, as it is being "torn apart" by vandals.

Exchange Vows Under Yellow-Rose Altar Arch

LEMONT -- An arch of yellow roses decorated the altar of the Cass Community Church, Downers Grove, for the May double ring ceremony of Miss Eileen Anderson and Kenneth F. Sandberg.

Rev. Roy Heimbecker officiated. The bride is the daughter of Mr. and Mrs. Andrew Anderson of 512 Second St., and the groom is the son of Mr. and Mrs. Carl Sandberg of 1134 Kotlin Rd., both of Lemont.

Organist, David Perkins of Chicago, accompanied Carter Lamb, as he sang "Because" and "The Lord's Prayer."

Escorted to the altar by her father, the bride wore a floor-length gown of white chantilly lace. She carried a cascade of white sweetheart roses.

Mrs. Signa Anderson, sister-in-law of the bride, served as matron of honor. She wore a floor length gown of yellow chiffon over taffeta sheath.

Bridesmaids were Mrs. Ruth Ann Schleuter, cousin of the groom, Miss Helen

Anderson, sister of the bride, Mrs. Rosemary Smrekar and Miss Lil Osmus, both of New Lenox. Each carried a cascade of yellow roses and mums. Each attendant was attired the same as the matron of honor.

Glenn Sandberg, brother of the groom, served as best man. Groomsmen were Paul Anderson, brother of the bride, Donald Sandberg, brother of the groom, Thomas Schlueter and Randy Glau. Ushers were Dale Kominick and Robert Gotlund, cousins of the bride and groom respectively.

For her daughter's wedding, Mrs. Anderson chose a dress of pale pink shantung with a venice lace collar with matching coat and accessories. Mrs. Sandberg chose a blue dress of lace with matching coat and blue accessories. Each mother wore a corsage of white cymbidium orchids.

A sit-down dinner was served to 150 guest at the Blue Willow in Lockport, after which a reception was held at the Lemont Bowling Lanes.

The couple honeymooned

LOCKPORT -- Miss Sandra Kay Alderson and Stephen J. Melovic were united in marriage Sept. 13 at St. Joseph's Church in Lockport. The double ring ceremony was performed by Father Robert E. Pietras.

The bride is the daughter of Mr. and Mrs. Clarence Alderson, and the groom is the son of Mr. and Mrs. Stephen T. Melovic, all of Lockport.

in California, and are presently residing at 1228 North Cedar Rd., New Lenox.

The bride is a 1964 graduate of Lemont Township High School, and is presently working as a secretary at the Continental Bank in Chicago. The groom, a 1961 graduate of Lemont High is employed at Argonne National Laboratory as an instrument machinist's apprentice.

Mr. and Mrs. Kenneth F. Sandberg

The bride, given in marriage by her father, wore a floor length gown of white peau de soi, fashioned with a beaded collar and elbow length sleeves, accented with crystal and beading.

Mrs. Loretta McCasland, sister of the bride, served as matron of honor. Bridesmaids were Miss Kay Stein, Miss Vickie McCasland, and Miss Danna Fogler. They all wore floor length gowns of blue and green satin, and carried baskets of blue and white flowers.

David Melovic, brother of the groom, was best man. The groomsmen were David Lind, Rick McCasland, and Dennis Prieboy. Larry and Mickey McCasland served as ushers.

The bride's mother wore a blue crepe ensemble. The mother of the groom chose pink crepe.

Following the ceremony, a reception was held in the Young American's Hall.

After a wedding trip to Wisconsin, the couple will reside at 536 11th St., Lockport.

Mr. and Mrs. Stephen J. Melovic

Extra-Marital Affair

Dear Miss Brookfield:

I am 46 and in love with my husband's best friend, who is also married. We have been having an affair for the last six months. My husband has no inkling of what is going on. I have talked to this man about our getting divorced so we can marry. He keeps putting me off, saying his wife has been a good mother to his children. One child is still at home but will be going off to college next year. I hope to marry this man eventually. But right now I feel very guilty about this affair and would like to tell my husband, even if it leads to divorce. What do you advise?

C.K., Corpus Christi, Tex.

Dear C.K.:

Perhaps you think that telling your husband will force his best friend into taking action that will make it possible for you two to legitimize this messy situation. But as your lover seems reluctant to divorce his wife, this plan may boomerang. Furthermore, there is always the possibility that his mate is not only a good mother but also a forgiving wife. If so, you may be left without husband number one and sans prospects for husband number two. What you are looking for is assurance that the moment of truth with your husband will produce the magical result. But since the other man seems disinclined to divorce his wife, no one can give you that assurance.

Second Honeymoon

Dear Miss Brookfield:

My husband came home with what should have been a wonderful suggestion, and we have been arguing ever since. He wants to take a trip as a sort of a second honeymoon. I just don't feel up to it, considering the preparations and shopping involved. In August, our second and last daughter married. She is now some distance away as her husband is in graduate school. The preparations for the wedding really exhausted me. But at the same time I am also going through the changes. How can I make my husband understand that I am too tired and too blue to make this trip? Please answer in the column, since he reads it.

G.P., Tacoma, Wash.

Dear G.P.:

True, the father of the bride pays the bills but the mother of the bride carries the burden of the work involved in preparing for a lavish wedding. But a trip, taken as a second honeymoon, would do you both some good.

Instead of throwing cold water on the suggestion, we advise you, first, to visit your doctor for a check-up. Your complaint may well be the so-called "menopausal blues," aggravated by the "loss" of your youngest child, leaving you "unemployed." Many of the accompanying symptoms of the menopause, both physical and emotional, are caused by a glandular, hormone deficiency, common at this time of life. Many doctors now prescribe estrogen hormone supplements to relieve these symptoms.

After a health checkup, try to understand that at the same time your daughter is beginning a new life, you are too. Both you and your husband can now look forward to sharing pleasures and activities together that were once not feasible because you were tied down to the responsibilities of raising a family. Think of these wonderful years ahead -- and do try to enjoy them.

Have you a problem as a mature woman, or with one? For advice and help write to Margaret Brookfield, Information Center on the Mature Woman, 3 West 57th Street, New York, N.Y. 10019.

Watch Out When Burning

SOUTHWEST -- It's the time of year for burning unwanted leaves, and safety precautions should be used.

Burn leaves in a covered container with holes or wire mesh construction. Pick a day with little wind and stay near the fire at all times with a garden hose ready for emergency. Set up your fire at a safe distance from buildings, fences and shrubbery. Keep children far away and keep an eye on flying sparks.

Tell Best Fruit Buys, How To Make Selection

SOUTHWEST -- Going grocery shopping soon?

Oranges, apples and pears top the list of plentiful foods, the U.S. Department of Agriculture says. They're currently the "good guys" at area markets.

Bea Bagby, Will County Extension adviser counsels, "Assure your family of needed vitamins and minerals at bargain prices."

Some oranges have a greenish tinge near the stem end. There's no need to shy away from such oranges, since the slight greenening appears only after the fruit matures, and doesn't affect quality. Very early and late varieties may develop this characteristic.

The western Valencia orange is excellent either for juicing or for slicing in salads. To get maximum food value, don't strain the juice as the pulp contains valuable vitamins and minerals.

Plentiful Bartlett pears rank as one of the leading dessert varieties. This variety is also used extensively for commercial and home canning.

Pears normally develop to highest quality if picked when mature but still hard and green and then ripened in transit and in storage.

When buying Bartletts, look for a pale yellow to rich yellow color. And select pears that are firm. Pears that are hard in the food store will probably ripen if kept at room temperature, but it is wise to select pears that have already begun to soften. You can then be reasonably sure that they will ripen satisfactorily.

The many varieties of apples differ widely in appearance, flesh, characteristics, seasonal availability and suitability for different uses. Currently being featured in many local food markets is the Jonathan apple. It makes good eating as fresh fruit and is equally good for pies and applesauce.

When shopping for apples, choose firm, crisp fruit, well colored for the variety. Flavor depends on the stage of maturity at the time the fruit is picked. Apples must be mature when picked to have a good flavor, texture and storing ability.

Mrs. Bagby gives these reminders:

Modern home refrigeration makes it possible to keep an adequate supply of most perishable fruits on hand. But never buy more than you can properly refrigerate and use without waste. And remember that plentiful food are usually good choices and reasonably priced.

GOOD MORNING!

SOUTHWEST -- To celebrate or not to celebrate special months is not difficult when the purpose of the festivities recognizes better breakfasts and pancakes.

Maybe you have your own favorite syrup or sauce. Try the orange lemon sauce on pancakes for breakfast or for dessert pancakes.

ORANGE LEMON SAUCE

1/2 cup sugar
2 tablespoons corn starch
Pinch salt
1 cup orange juice
2 tablespoons margarine
1 teaspoon grated lemon rind
Juice of one lemon
Mix sugar, corn starch and salt in medium saucepan. Gradually stir in orange juice. Stirring constantly, bring to boil over medium heat and boil 1 minute. Remove from heat; stir in margarine, lemon rind and lemon juice. Serve on pancakes. Makes 1 1/3 cups.

Club Luncheon Is Set

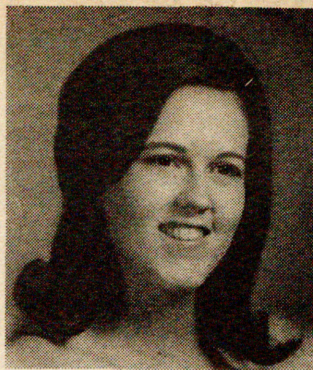

THE PARENT'S CLUB of St. Joseph Church will sponsor a salad bar luncheon, Oct. 25. Pictured from the left, standing: Mrs. Ronald Carter and Mrs. John Plese; seated, Mrs. Stanley Stapinski and Mrs. Richard Jackinowski.

To Tell Woman Of Year

LOCKPORT -- The Lockport Business and Professional Women's Club will celebrate National Business Women's Week, Oct. 19 - 26. A woman of the year will be announced at the Oct. 15 dinner meeting at the Blue Willow, at 6:30 p.m.

A poster will be displayed in the lobby of the 1st National Bank of Lockport and a proclamation, signed by Mayor George Nordstrom, will be featured along with the objectives of the club and its accomplishments to date.

An exhibit is also being planned at the Lockport Township Public Library.

A buffet supper will be held Oct. 19 at 6:30 p.m. at the Holiday Inn in Joliet in observance of District Five's golden anniversary. All club members are welcome.

On Oct. 25, a community breakfast coffee will be held at the First Methodist Church, 10th and Washington at 9 a.m. The public is cordially invited.

Shower For Mother-To-Be

Mrs. D. Stanton Korista, 122 Hawthorne St., New Lenox was surprised with a Stork Shower on Oct. 3. It was given by Mrs. Richard DeForest and Mrs. James Mays.

The guests played special games with the prizes being a loaf of home made bread, while the mother-to-be received baby items.

Refreshments were served from a table decorated with a stork and pastel floral arrangements.

There were about 18 guests from the surrounding towns who attended the shower.

She is also a student of Rudolph Center of the American Conservatory. She and her husband, Ronald, who is assistant superintendent in Villa Park, District 48, have five children. Mrs. Zahner also teaches privately in addition to her school - music activities.

Clam Chowder Is Great

SOUTHWEST -- If you're lucky this fall, the head of the house may weaken and take you out to a football game.

Of course, should one or more of your offspring be out for a team, your presence in the grandstand will be something of a command performance.

However it is, those of you who come home from the field or stadium after three hours of cheering, or playing, will be prime candidates for warm-up snacks.

You may not have thought of this before, but a bowl of Manhattan clam chowder made with Brooks Tangy Catsup will really hit the spot. Its tangy flavor adds exciting pleasure to this old reliable dish.

Francois Pope, director of the Antoinette Pope School of Fancy Cookery, recommends this recipe in his latest cook book, "Taste America First." Persons may obtain the cookbook free of charge by writing to Taste America First, Brooks Foods, Inc., Collinsville, Illinois.

DELICIOUS Manhattan Clam Chowder, prepared by Francois Pope.

Manhattan Clam Chowder

2 slices bacon cut fine
2 tbs. fine-chopped celery
liquid from two 8 to 10-ounce cans minced clams
1/4 c. domestic sauterne
2 tsp. salt
1/4 tsp. white pepper
1/2 c. dry onions, minced
2 1/2 c. diced raw potatoes (1/2 inch cubes)
1 c. canned tomatoes
1/2 c. Brooks Tangy Catsup
1/8 tsp. cayenne pepper
2 tbs. butter

Saute bacon, onions, and celery together until golden brown. Add clam liquid, diced potatoes, water, and wine and cook in a covered saucepan until potatoes are tender (about 10 minutes) but still firm.

Add clams, tomatoes

and catsup, butter, salt, cayenne pepper, and white pepper. Bring to boiling point, stirring occasionally. Serve hot. Serves 6.

Church Women Planning 'Coffee'

LEMONT -- Women's Society of Christian Service of the Lemont United Methodist Church, will hold their third annual "Community Coffee" from 9:30 to 11:30 a.m., Oct. 22.

The coffee will be held in the fellowship hall of the church, located at 306 Lemont St.

All ladies of the community are invited to attend.

Coffee and coffee cake will be served, and a visiting period will follow.

Mrs. Rosalie Hammeberg of Wheaton, will speak on UNICEF, The United Children's Fund.

Hostesses will be Mrs. James Lind, Mrs. Harold Steiner and Mrs. Albert Friedley.

We have 14 special phones for the handicapped.

The number isn't important. But the variety is. Because it means that more of our customers can use their telephones comfortably and conveniently.

Illinois Bell has developed a wide range of special services and equipment to help handicapped people communicate.

We've designed phones with signals you can see to replace the telephone bell for the deaf... Volume Control phones for the hard-of-hearing... and even an electronic larynx which permits people with impaired vocal cords to talk over the telephone.

Some of our regular equipment—like Speaker phones and automatic dialers—can help people who are blind, paralyzed or bedfast.

And if a customer has a special problem, our engineers will do their best to design special equipment.

But there are some problems we haven't even heard about. So if you know someone who has a physical handicap which interferes with his use of the phone, please call us at 727-4421. Or call collect from the suburbs. We want to help.  **Illinois Bell**

King David DeLoach, Sr.

LOCKPORT -- Funeral services for King David DeLoach, Sr., 71, of 2137 California Ave., were held Saturday at the Range Funeral Home. Interment was in Elmhurst Cemetery.

DeLoach was found dead in his home Monday, Oct. 6., the victim of a vicious assault. Originally it was thought he died from a severe beating. However Coroner Willard Blood said that an autopsy revealed 30 stab wounds in the body. One of the wounds punctured DeLoach's heart, and was the cause of death, Blood said.

Mr. DeLoach, born in Ellisville, Miss., had lived in the area for 17 years and was a retired laborer.

Surviving are three sons, King David DeLoach, Jr., Lester DeLoach, and Charles Lewis, all of Joliet; three brothers, Eddie and Willie, of Joliet and Hubert of Meridian, Miss., a sister, Mrs. Almeda also of Meridian, and numerous grandchildren and great-grandchildren.

Rev. John Vianney

Trinko

Rev. Father John Vianney Trinko, O.F.N., 62, of St. Mary's Seminary, 1400 Main St., Lemont, died unexpectedly on Oct. 10 at McNeil Memorial Hospital.

Born March 17, 1907 in Chicago, Father Trinko completed his studies at the Franciscan Seminary in Green Bay, Wisc. He was ordained on July 3, 1933, in Ljubljana by the Most Rev. Gregor Rozman. Annual reunion of the descendants of James Gager Frazer, pioneer resident of Homer Township, was held at the Homer Town Hall on the afternoon of Sept. 5.

Forty members of the family were present, from Berwyn, LaGrange, Minooka, Manhattan, Joliet, and Frankfort in addition to local residents. Letters were read from Pittsburg, Pa. and Springfield, Ill.

In a talk by James D. Frazer, president of the group, it was announced that the family now has a complete ancestry established back to a Colin Frazer who came to Rowley, Mass. from Scotland in 1685. He was James Gager's great-grandfather and this branch of the family is descended from his third marriage with a Sarah Worth.

Following a noon dinner an afternoon meeting was held. New officers elected were John West of Lockport, President; Frazer of Homer, vice president; Helen Trask of Joliet, secretary and Roberta Otto of LaGrange, treasurer.

Set Valuation Guide For Building Permit Fees

FRANKFORT -- An ordinance setting up a schedule of fees for building permits with a guide to establish valuation of construction has been adopted by the Frankfort village board on the recommendation of Trustee Howard Woodman, who heads the building department.

The ordinance, which is published in full on another page in this issue, requires that a deposit of \$15 accompany an application for permit to erect a residence with full payment of all fees at the time the permit is issued.

In case of remodeling the fee is \$3 for a \$500 job, \$5 for work costing between \$500 and \$1,000, and \$3.50 per \$1,000 of costs in excess of \$1,000.

The permit fee for new construction of a residence or accessory building is set at \$3 per \$1,000. The valuation will be determined by the square footage as set forth in the plans -- \$18 per square foot for a frame structure; \$20 per foot for a brick veneer structure and \$22 per foot for an all brick house. A fire place has a valuation of \$2,500; a base-

ment, \$1,500; a single garage, \$1,000 and a double garage, \$1,500. A fee for re-inspection is \$3. A certificate of occupancy will not be issued until all fees are paid.

The board also adopted a dog ordinance, also published in full on another page in this issue. Under the dog ordinance the license fee is fixed at \$3 if paid prior to Feb. 1. Beginning Feb. 1 the fee will be \$6.

A pre-annexation agreement was adopted covering a subdivision of approximately 11 acres north of the village sewage treatment plant planned by Joseph A. Schudt & Associates. There are 27 lots.

The village plan commission recommended adoption of the pre-annexation measure. A petition asking annexation will be filed. Schudt said, when the plans for the subdivision are completed.

The board also discussed the proposed planned unit development of Thomas C. McKay at his Triple K Ranch on Steger Rd. The preliminary plans call for 39 single family residences on one-acre sites; multiple dwell-

ings on a 9.2-acre tract, 20-foot streets with 5-foot shoulders and 10-foot bridle patch.

McKay also plans a sewer and water system that eventually could be connected with the village system. He wants the village to pay for the water and sewer system when and if it is joined to the village system. A figure spoken of was \$200,000.

Village board members are opposed to paying anything and have indicated that if McKay will not annex to the village the village will not approve the development. Since the property is within a mile and a half of the village the board is in a position to turn thumbs down on the subdivision.

Village Attorney August Santoro was instructed to draw up an ordinance requiring 50-foot setbacks for commercial buildings erected along U.S. 30 and other main routes, with the first 25 feet landscaped.

The Lutheran Church of the Good Shepherd is to extend a watermain to its new building on Sauk Trail.

The board was informed that Ralph Show has purchased the New York Central property along Kansas St., that formerly was leased by the Lions Club and used for an ice rink for a number of years before the rink was built in the park. The Show Motor Sales also owns what was railroad property east

of Ash St. so it now has the tract from White to Oak St., on the north side of Kansas.

The village board set the hours for tricks or treats from 4 to 8 p.m. on Halloween, Oct. 31.

William Knippel is to be employed by the village for maintenance work; Victor

Eisenbrandt is to serve as building inspector. Milton Batson, who recently resigned as building inspector will still pass on plans for residential building. The resignation of Peter Bird from the village zoning board of appeals was accepted with regret by the village board. He is moving to Florida.

What's so hot about an Electric Range?

It's cool.

Any cook knows that heat belongs in the oven, not in the kitchen. And the electric oven knows how to keep it there. Because only an electric oven is insulated on all six sides. So the heat stays inside ... roasts come out juicier, cakes moister ... and your kitchen stays cool. You do too.

What's more, the electric oven bakes faster. Because it's insulated on all six sides, less pre-heating is needed. Even the surface units keep your kitchen cool, because heat is transferred directly into the pot and not out into the air. The handle stays cool ... and so does the cook.

Time to replace the range at your house? Then take a look at the only one that knows how to keep its cool. The electric range.

PHILLIPS N CHEVROLET of Frankfort has broken ground for a new showroom and garage. The ceremony which took place last week pictures from left; John Wicckham, J. F. Bills, Chevrolet zone manager; K. E. Anderson, general contractor and Jim Wulff, Chevrolet district manager. The new building will be located at the corner of Routes 30 and 45. It will more than double the existing space of the Phillips showroom and garage space. The total cost of the new facilities is over \$250,000. The target date for completion is April 1, 1970. Phillips plans to triple its stock and double the sales and factory-trained mechanic staff. Phillips Chevrolet has been located under the water tower for the past year. They are currently in the process of celebrating their first anniversary.

Aid Dropouts To Earn Diplomas

WILL COUNTY -- Nineteen-year-old high school dropouts seeking the equivalent of a high school diploma were aided recently when Gov. Richard B. Ogilvie signed legislation lowering the age limit for participation in the General Education Development (GED) program.

Will County Superintendent of Schools Boyd R. Bucher (R) said the previous age limit for participation in this program was 21, but the lower age limit is sufficiently beyond normal high school graduation to avoid encouraging high school students to quit school.

Bucher explained that anyone nineteen years or older who has been out of school for one year and is interested in earning a diploma under the GED program should visit his office to sign up for the program.

"A set of two proficiency

tests is given at Joliet Township Central High School on two consecutive Saturday mornings," Bucher said. "Those interested in taking the tests should register in my office a minimum of one week in advance of the first test."

Tests are scheduled for Nov. 1 and Nov. 8, Jan. 10 and Jan. 17, March 7 and March 14 and May 2 and May 9, according to Bucher.

Testing material includes English, Social Studies, Natural Science, Literature, Mathematics and the U.S. and Illinois Constitutions.

Parsonage Burglary Loss \$2000

GREEN GARDEN -- Bold daylight burglars ransacked the Methodist parsonage here last Thursday afternoon while the pastor, the Rev. Thomas Hardwick, and members of his family were away from the house between 1 and 3 o'clock. The thieves fled with property valued at approximately \$2,000.

A neighbor told sheriff's deputies of seeing a blue pick-up truck, apparently equipped with white sideboards, in the church parking lot just north of the parsonage about 2 p.m. and about 20 minutes later saw the vehicle drive away from what appeared to be the front of the house and onto U.S. 45.

There were several other neighbors who passed the parsonage between 1 and 3 p.m. but, none of them recall seeing anything to arouse their suspicions.

Included among the articles taken were two TVs, (one of them a color set), two stereos, three tape recorders, two shotguns, a rifle, a typewriter, a mimeograph, and a fur stole.

An underdog and undermanned Plano High varsity football team gave Lemont all it could handle last Saturday afternoon, but in the long run, the locals prevailed 6-0 in a very hard fought ball game.

A huge homecoming crowd was on hand to watch the Indians run their win string to 5 in a row, but most important of all, Lemont continues to sport an unblemished mark of 4-0 in Northeast Conference competition.

Spartans Defeat Tinley

By DONALD AZARELA

The Romeoville Spartans met with Tinley Park Oct. 5 and the PeeWee Squad once again remained undefeated with a final score of 12 to 7.

Both touchdowns scored by Ken Deegan, the second in a completed pass from Mike Azarela. The Heavyweights' game resulted in a 6 to 6 tie. Spartan touchdown by Dave Schoenhoff. The Lightweight Squad fought hard but to no avail and lost their game with a final score of 27 to 6.

On the very wet Sunday afternoon of Oct. 12, the three Romeoville Spartan Squads were victorious against Markham. The Lightweight Squad began the demolition of Markham with a final score of 28 to 13.

The Pee Wee's continued the ruination with a final score of 40 to 0. And the Heavyweights completed the soggy afternoon with a final score of 39 to 6.

defeated status on the line at Yorkville on Friday evening Oct. 17. The Foxes are currently 2-2 in league warfare, but the men of head Coach Jan Cralle and assistant Matt Conner, must now be aware of the fact that no one can be taken lightly in conference circles.

Neither team could muster much of an offensive punch during the first period, with most of the action being centered between the 30 yard stripes.

Early in the second stanza, Lemont began to put things together. Starting from their own 40, the Indians moved 60 yards to score in 11 plays.

Quarterback Mike Hennebry used the running talents of Ken Hutchinson and John Schwer to complement his own aerial artistry, as Lemont moved steadily down the field.

After Schwer and Hutchinson had packed the leather to the Plano 35, Hennebry then connected with Hutchinson and Dennis Bubinas for a first down on the Reaper 22.

Another pitch to Schwer picked up 9 yards. A pair of bursts by Schwer moved us to the 5. Hutchinson picked up 3 yards and on his second effort went over for the score from 2 yards out. The conversion try failed.

Later in the second period, the Indians again appeared to be heading for paydirt. Starting from the 42, a pair of Hennebry to Dick Pierce tossed set Lemont up on the Plano 36.

The hard driving Hutchinson picked up 9 yards in 2 attempts. Hennebry then made overhead connections with flanker Mark Forzley for a first down on the Reaper 11.

Three ground sorties netted 8 yards, but a fourth down pass was picked off at

the goal line and returned to the Plano 33. This ended the last real serious bid of the day.

During the remaining 2 periods, Lemont's defense was put to a sturdy test.

A pair of fumble recoveries by John Benda and Harold Zarn, plus a pass interception by linebacker Ken Hutchinson, tended to stifle Plano's efforts to get on the scoreboard. The Reapers never got beyond Lemont's 32 yard line throughout the entire second half.

Anchoring the Lemont defensive unit were Ends - Dennis Bubinas, Jesse Gonzales, Hank Pierce. Tackles - Rich Gendeman, John Benda. Middle Guard - Harold Zarn. Linebackers - Steve Pociask, John Roth, Fred Berndt, Ken Hutchinson, Terry Dauenhauer, Del Berndt. Safety - Lee Virtel, Dick Pierce, Mike Kennedy.

TOUGH ground action took place in Saturday's Indians Homecoming game on local ground. John Roth, 54, and Ken Hutchinson, 33, move into the center of action, too late though to help a tackled teammate.

West's Best Only Tie Tally

SOUTHWEST - A Chuck Williams to Dave Cichy pass, midway in the third period, salvaged a 6-6 tie for Lockport West as they faced a determined Argo eleven Saturday afternoon in Summit.

Quarterback John Highland's handoff to Williams on the option resulted in a 15-yard pass to flankerback Cichy and the TD. Highland used the pass to good advantage all afternoon, completing eight in 22 attempts for 118 yards. His signal calling on the option was exactly the right move at the right time.

The Argonauts' lone TD came midway in the second period after Dennis Hyde

punted to the Spartans' one-yard line. A fumble, recovered by the Argonauts' Kevin Cochrane, gave the Argo team possession at the Spartans' two. After four attempts Argo penetrated the Lockport defenses for the score.

Statistically it looked like a rout for the Spartans. The offense rolled up 226 total yards while the Argonauts compiled a scant 33 total yards! However, four fumbles by the Spartans were recovered by the Argo eleven and this, combined with 87 yards in Spartan penalties, handed the Argo team a tie game.

Lockport West is now 2-2-

1 for the season. Lockport West plays Lockport Central Friday night in the homecoming game for the Spartans. Gametime is 8 p.m.

Porters 'Splash' Joliet 20-6

By DAN KUBAN

LOCKPORT - Lockport Central's homecoming game was a wet and muddy inspired victory over an undefeated Joliet Central squad Friday night. The 20-6 win evened the Porters conference record at 1-1 with an overall 2-2-1 season mark.

The Illini-Eight contest was performed during a steady rain before a stouthearted contingent of fans who braved the elements to cheer on the team of their choice.

The Porters took the opening kickoff and gave up the ball on downs at the Joliet 29-yard line. Buzz Gibbons proceeded to move the ball up field and into Lockport territory. A pass to Chuck Holman ate up 35 yards to the Porters' 35.

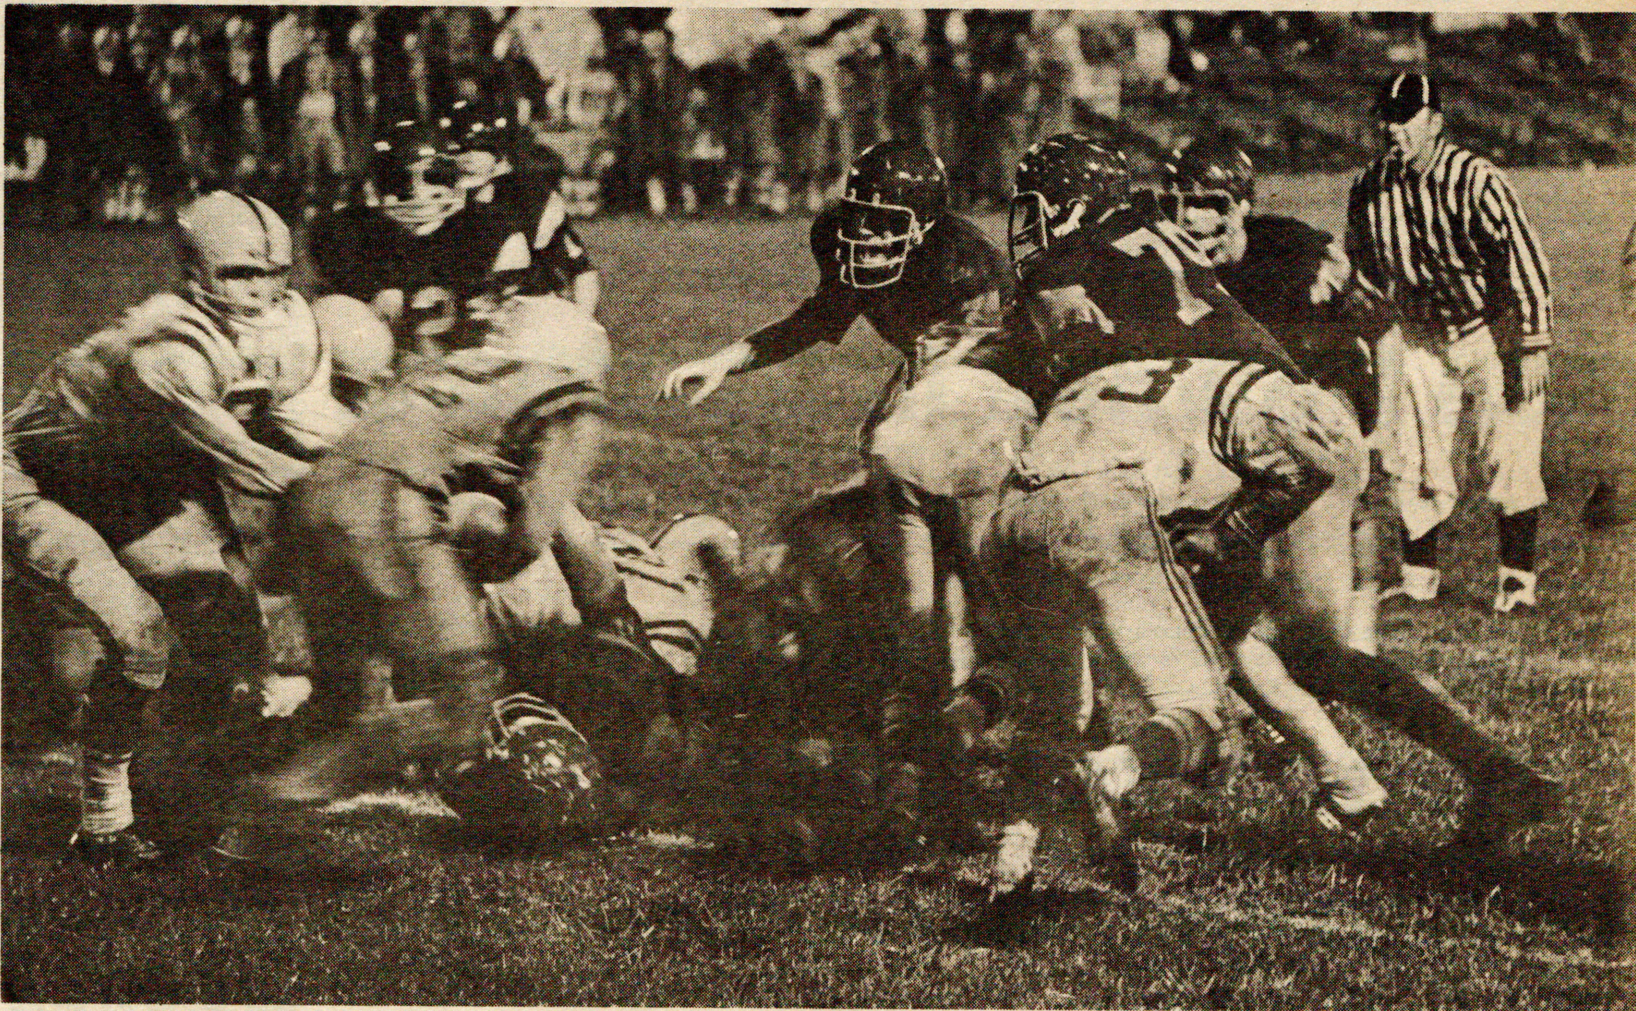

The Steelmen's only touchdown came on a five-yard run by Jimmy Jones. Gibbons pass for a two-point conversion was intercepted by Ken Ferry.

Lockport's first touchdown came after Tom Saunders recovered a Joliet fumble at the Joliet 44. Gil Fash, who connected on seven of 14 passes, alternated between targets in moving the ball.

Glenn Johnson and Ken Kennedy collaborated with the strong arm of Fash to dazzle the Joliet defense. Kennedy gathered in a Fash aerial at the Joliet 10-yard line and scooted into the end zone for the Porters' first TD. Another pass from Fash to Joel Pekarek in the end zone gave the Porters an 8-6 lead with the half almost at an end.

In the third a quarter Pekarek harvested another Joliet fumble at midfield which instigated another Lockport uprising. Mid-way in the third quarter Fash leaped over from the one-yard line to give the Porters a 14-0 lead. Fash's pass for the two-point conversion was incomplete.

Another Joliet boo-boo gave the Porters another golden opportunity, near the half-

way point of the final quarter, after a poor kick by the Steelmen. The Porters took over on the Joliet 27 and with a fourth-and-nine situation the ability of Fash stood out once again.

A 16 yard pass to Johnson put the ball on the Joliet 10. It took three plays before Fash, once more, trotted into the end zone to make the score 20-6. A Fash to Johnson pass for the conversion failed. A great homecoming for the mighty Porters!

L-W Ties 14-14 At Rich East

NEW LENOX -- Lincoln-Way's football team, winless so far in conference play but showing steady improvement, will meet Sandburg Friday night in a homecoming game on the Eagles field.

The Eagles, after winning 26 games in a row and held undisputed first place in conference standings, lost to Reavis last Friday night, 14-12, and now share the lead in the standings with the Rams, 3 and 1.

The Knights were hosts to Rich East Saturday in a contest that ended in a 14-14 tie. The outcome snapped a string of 11 defeats for Lincoln-Way in conference play.

Injuries to his backfield in the game with Oak Lawn the previous week caused Lincoln-Way coach, Bill Vogel, to make some changes in his lineup and they appeared to work out very well. Harold Webb, who has been playing quarterback, was switched to running back and John Minger took over as quarterback.

That Webb does alright as a running back was shown by the statistics. He carried the ball 61 times for a total of 194 yards, a more than fair share of the total 300 yards the Knights chalked up, 256 by running and 44 by passing. Rich East was held to 41 yards rushing but made 76 in the air. Minger scored one of the Knights touchdowns on a quarterback sneak and Webb made the other on a plunge within the 3-yard

line. Simpson and Sullivan scored for Rich East.

East took the opening kickoff, failed to move and Lincoln-Way starting from its 18-yard line made it to the three-yard line in 16 plays but it was a fourth down situation. The call went to Webb but he was six inches short on the TD try.

East couldn't do anything but had to punt. This time Lincoln-Way started from midfield. Webb carried 11 times, moving the ball to the one. Minger took it over but Webb's attempt for the extra point failed and the Knights led 6 to 0.

With a few seconds to go before the half ended Webb was back to punt from his 21-yard line when a bad pass caused him to scramble to the two to retrieve the ball. He lugged it out to the 22 but that wasn't far enough.

With the help of a 15-yard penalty the Rich team worked the ball to the L-W 12. With a first down there the Rockets managed to work the ball over with Simpson going two yards for a TD. Simpson garnered two more points with a run after touchdown, so East led at half-time 8 to 6.

There was no scoring in the third period but with the aid of two long penalties the visitors scored a touchdown in the final quarter but failed for the extra points. With the score 14 to 6 against them, the Knights took to the air.

Twice Minger had had passed intercepted but this

time he connected with Gregg Palka with a 12-yard aerial that put the ball on the two-yard line. After three tries Webb was given the ball and he went over. A pass from Minger to Palka was good for two extra points and it was 14-14. Rich East threatened with a trifle over a minute to go but fumbled and that was it.

Statistics Reveal Hillmen's Efforts

SOUTHWEST -- A rain swept Joliet Stadium was the scene of an uphill struggle by Joliet Catholic High School to eke out a tie game with Immaculate Conception. The 8-8 final score does not reflect the statistics which give all the better of it to the Hillmen.

Mike Draznik, a fine quarterback, was thwarted in his aerial game until late in the final period when Draznik hit Mark Maloney on a 35-yard pass play to tally the TD. A pitchout to halfback Pat Ward gave the Hillmen a two-point conversion and a well deserved tie game.

The Hillmen defense played a superb game in holding the Immaculate Conception team to only 29 yards from scrimmage during the first half. IC's only scoring ef-

fort was achieved through a miscue in the punting action of the Hillmen. A high pass from center rolled into the end zone. Draznik tried to bring it out but, he was stopped at the five yard line. Mike Doyle tried to leapfrog the Hillmen defense for the TD and was stopped at the one. Fullback Mark Saunders hit paydirt on third-and-goal with a plunge over center. Doyle's pass to Saunders was good for a two point conversion and the Hillmen were behind 8-0.

Second half play by the Hillmen saw less passing in the initial phases of the third quarter. Draznik went to ground, favoring the running of Al Colabuono and Ward. Despite a good rushing offense it took the long bomb to give the Hillmen their

TD in the final period of the waterlogged contest.

MATTOON -- Lincoln-Way high school cross country team under the direction of Coach Joe Rodriguez, finished fourth in an invitational meet held here last Saturday in which 42 teams competed. Dave Merrick

who still has another year left for high school competition, was the individual

champion.

Dave led the pack at the finish with a time of 12:05. This was new record for the Mattoon meet in which the distance is 2.65 miles instead of the 2.75 that is usually covered.

Evanston won the team title with 74 points. Riverside-Brookfield was second

with 132; Oak Park third with 137 and Lincoln-Way fourth with 156. Proviso West was fifth with 194 points.

Proviso's Andy Rupert was second among the individual finishers with a time of 12:09. Steve Van Sweringen, was third; Dave Brooks, Oak Park, fourth and Doug Ingraham, of Evanston, fifth.

Al Carlson of Lincoln-

Way finished 12th, Bill Been, 16th, Lee Erickson, 56th, Bill Simpson 58th and Tom Booble, 62d.

A total of 294 runners competed.

Last year Lincoln-Way harriers captured third place in the state meet and Rodriguez expects his lads to do better this year.

Two Downed In CC Meet

NEW LENOX -- Lincoln-Way High School registered two more wins last week to have a 6-0 record in their Southwest Suburban Conference cross country schedule.

The Lincoln-Way runners made it 28 meets in a row

when they beat Rich East last Thursday afternoon after having beaten Oak Lawn on Tuesday. The Tuesday meet was at Oak Lawn while the competition Thursday was staged at Lincoln-Way.

As could be expected, Da-

vid Merrick, a junior, was first thru the gate after the 2.75 mile run, with a time of 13:55. On his heels were teammates Lee Erickson, 14:21, Bill Been, 14:23 and Al Carlson, 14:32. Mike Klema, Rich East's top runner,

who is recovering from a lengthy illness, was fifth with a time of 14:51 and another Rich runner, Paul Lay, was next in 14:56. Al Davis and John Been, of L-W were seventh and eighth in 15:16 and 15:32 respectively. The meet score was 17-41, Lincoln-Way.

In the Oak Lawn meet, which Lincoln-Way won 15-44, Merrick covered the distance in 13:36, erasing the Oak Lawn track record of 14:13. The Knights also took the next four places with Erickson, Carlson, Tom Booble and Bill Simpson. Booble and Simpson did not compete last Thursday.

Coach Joe Rodriguez took his harriers to an invitational meet at Mattoon last Saturday where 42 teams competed. He was saving some of his talent for this event.

Chance For First Escapes Hornets

By **DON HEEG**

LEMONT -- Lemont's Golden Hornets lost their bid for first place in the league standing when they traveled to battle with the Tinley Park Bulldogs on the opposition's home ground Sunday.

In a rain and on a muddy field, the Hornets came out on the short end of a 25-12 score. Failing to win, they will have to settle for second or third depending on the outcome of the Romeoville game. The Hornets now stand at 4 wins and 2 losses for the season.

In the game Lemont scored first in the first period. After taking the opening kickoff they marched down field, with Rick Sniegowski hitting Charles Dvorak for the last 10 yards and a Hornet score.

The extra point failed.

The score stood at 6 to 0 until the last play of the first half when Tinley Park hit a short pass over the middle. The play covered 48 yards in all. The extra point was good. At halftime then Tinley Park led 7 to 6.

The second half started with Lemont kicking off to the Bulldogs. The ball was fielded on Tinley Park's 25 yard line and run back for another Bulldog touchdown. Extra point try failed - score Bulldogs 13, Hornets 6.

The Hornets came right back and scored again. Hornet Quarterback Rick Sniegowski hit Rick Jakusc on an aerial covering 50 yards and the Hornets second and final score. Extra point failed. The Bulldogs led 13

to 12.

Tinley Park then put on another march and scored again. The 9 extra point failed. At the end of the third quarter the score stood 19 to 12.

In the fourth quarter the Hornets couldn't get moving at all in the mud. The Bulldogs did put over another score about midway in the period on a 7 yard run. The extra try failed. The final score was 25 to 12 in favor of Tinley Park.

The Lightweights also lost by the score of 31 to 0. With the Pee Wee Hornets losing the middle game 18 to 0.

Next Sunday the Hornets host Crestwood at the Lemont High School Field, with the first game starting at 1 p.m.

Mokena Pee Wees To Host Kankakee

By **MRS. EDWARD HOVI**

MOKENA -- The Pee Wee teams of the Burros football set up at Mokena will be hosts to two Kanka-

kee teams on the Community Park field this Saturday, Oct. 18. The other two divisions, the lightweights and heavyweights, travel to Franklin Park Sunday for a brace of contests.

The games here Saturday will start at 1:30 o'clock.

On Oct. 4 the Pee Wees played at Bensenville. The first year talent played well. The game ended in a 0 to 0 tie. Danny Wilson had crossed the goal line for Mokena outfit on a pass play only to have the officials call the Pee Wees for a rule infraction and inflict a penalty, thus rubbing out the touchdown.

The regular Pee Wees then went to work. Bensenville had no 12-year-olds so someone thought up a rule that if one team had no 12-year-olds then there just weren't any on the field. This left four of the Pee Wees, Scott Sandy, Bruce Pegram, Bill Mangan and Mike Hovi, sitting it out.

But even without their old heads the Mokena team proceeded to blast out a 16 to 0. The touchdowns were made by Fletcher Smith and Jeff Becker and the extra points by Tom Cumbee and Doug Slusarski.

On Oct. 5 the lightweights and heavyweights played at Downers Grove and won both games, the lights 18 to 8 and the heavyweights, 58 to 12.

Bill Petterson scored two touchdowns for the ponies and Tim Wilson scored one. In the heavyweight contest Rany Boyd and Tim Virden each scored two touchdowns and single TDs were scored by Jim Cravens, John Stevens, John Cumbee and Jerry Thomas.

Downers Grove cheerleaders may not have known how to pronounce Mokena when we got there but you can bet they won't forget the win in Mokena is a long one.

Krueger Wins Championship

By **SANDY CARTER**

SOUTHWEST -- Bill Krueger of Lombard, recently captured the championship for drivers in the United Auto Racing Association of Joliet. He ended the season with 1037 points.

This seems to be his lucky year of married life.

Krueger has been a mid-gt driver with U.A.R.A. since 1965. He has worked himself up to the top. Last year he finished in fifth place.

The champ drove Midget number 132, owned by Max Reichenbach of Lombard. It is powered by the new SESCO engine. With no problems to worry about, Bill was able to run in the top three most of the season. Bill and Max have been a team since he started to drive. This has been a good year for Reichenbach, as the car made its great finish.

Not only is Reichenbach owner of the car, but he is also Bill's father-in-law. His daughter, Lois, and Bill were married early in the year. Both Lois and her mother are always in the stands to cheer their team on.

once, took three heats, three trophy dashes, and one feature. If he wasn't leading, he was running up close to the front, putting on a great show.

Bill Kollman of Orland Park, ended the season in second place with 1033 points. Kollman drove the champion car owned by Bob Corson of Harvey. The car is a Chevy II powered mid-gt.

In third place was a newcomer to Midget racing, Jim Gates of Aurora. In his first full year in midget racing, this is one driver to watch for next year. Gates' midget is owned by his father, Wayne Gates of Plano. Gates ended with 1012 points.

Other drivers rounding out the top ten are: Tom Steiner of Orland Park, 778; Phil Stebbins of New Lenox, 731; John Lode of Elmwood Park, 576; Ken DeBeau of Justice, 465; Denny Cullick of Joliet, 408; Ron Foster of Joliet, 401; and Jim McClean of Crest Hill, 381.

Not only did McClean finish in the top ten with U.A.R.A., he was able to capture the championship in the Badger Midgets of Wisconsin.

CHAMPION DRIVER for the 1969 U.A.R.A. season, Bill Krueger, accepts his trophy from Cheryl Cullick of Joliet. Looking on is the car owner Max Reichenbach.

FRANKFORT -- Mike Griffin, of Oak Lawn, is the new owner of the Frankfort Hardware store on Ash St. He purchased it from Edward Lauffer who had operated the business many years.

Frankfort Hardware has a well and water service division as well as tools and supplies for the building trades. It also deals in glass, small appliances, household items, including pots and pans, garden needs and has a gift section.

Griffin was married last January. He and his wife, Mary, are residing at Oak Lawn for the present but plan to move to Frankfort.

The prize lineup for this year's national contest includes five 1970 Ford LTD Broughams, ten trips for two to Acapulco via American Airlines, 35 Johnson outboard motors, 35 Singer sewing machines and 35

Remington typewriters. "We're predicting that some three million persons will register this year for the sweepstakes at Ford dealerships across the country," said A.L. Whiteman, Ford Division merchandising manager.

VILLAGE OF FRANKFORT DOG ORDINANCE
Be It Ordained By The President And Board Of Trustees
Of The Village Of Frankfort, Will County, Illinois, As Fol-
lows:

Sec. 1: Definitions

Sec. 1-1: DOG - as used in this Ordinance includes any canine three months or more of age.

Sec. 1-2: AT LARGE - as applied to dogs means such as are not confined or restrained by means of a secure enclosure or leash.

Sec. 1-3: PACKS - as applied to dogs means five or more gathered, running, or moving together in a group.

Sec. 1-4: OWNER - as used in this Ordinance means any person, firm or corporation owning, keeping or harboring a dog.

Sec. 2: Licensing

Sec. 2-1: LICENSE TAG. Every person who keeps a dog over the age of four months in the Village shall pay to the Village Clerk an annual tax on such dog of \$3.00, which shall be paid in advance on or before the first day of January of each year.

Sec. 2-2: ISSUANCE-REPLACEMENT. The Village Clerk shall keep a record of all dog taxes paid and shall furnish to each person paying such tax a metal tag having stamped thereon numbers indicating the year for which the tax is paid. A duplicate to replace a lost or destroyed tag may be issued by the Village Clerk upon the payment of twenty-five cents.

Sec. 2-3: VIOLATION. It shall be unlawful to permit any dog to be on any street, sidewalk, alley or other public place unless such dog has a collar firmly attached around his neck with a license tag for the current year attached to such collar.

A person convicted of violating this section shall be fined not less than \$10 nor more than \$50.

Sec. 3: Vaccination

Sec. 3-1: DUTY-TAG. Every owner of any dog over four months of age shall cause said dog to receive rabies vaccine once each year and shall cause said dog to have about its neck a collar with a tag attached thereto, evidencing such vaccination. Said tag shall be inscribed with the words "Received Rabies Vaccine", or similar language, followed by the year such vaccination was performed.

Sec. 3-2: CERTIFICATE. The vaccination of dogs as required by this Ordinance shall be performed by a veterinarian duly licensed to practice his profession in this State. Upon performing such vaccination, such veterinarian shall issue to the owner a certificate showing such fact and shall also deliver to such owner or keeper a metallic or other suitable tag to be attached to the collar of such dog.

Sec. 3-3: DURATION. The vaccination performed under the provisions of this Ordinance shall be effective until the expiration of one year from the date the vaccination was performed.

Sec. 3-4: EXHIBITION OF CERTIFICATE. At any reasonable time upon the request of any member of the police department, the owner of any unmuzzled dog shall exhibit his certificate, issued under the provisions of this Ordinance, showing the vaccination of any dog owned or controlled by him.

Sec. 4: Dogs Running At Large.

It shall be unlawful to permit any dog to run at large. Any dog found upon any public street, sidewalk, alley, parkway or any unenclosed place shall be deemed at large unless such dog is firmly held on a leash or is in an enclosed vehicle.

A person convicted of violating this section shall be fined not less than \$10 nor more than \$100.

Sec. 5: Dogs On School Yards.

It shall be unlawful for any dog to be on any public school grounds at any time.

An owner of a dog who is convicted of violating this section by failing to keep his dog off any school grounds shall be fined not less than \$10 nor more than \$50.

Sec. 6: Dog Packs.

Any dog gathering in a dog pack is hereby declared to be a nuisance and shall be taken up and impounded and may be redeemed or destroyed as provided by this Ordinance and

any owner of any dog whose said dog shall be found to be in a dog pack shall be punished as provided herein.

Sec. 7: Impounding Generally.

It shall be the duty of such employees and officers of the police department as shall be designated for that purpose by the Chief of Police or President to take up and impound, in such place as may be designated and set apart for that purpose, any dog found running at large in the Village, contrary to any of the provisions of this Ordinance or other ordinances of the Village.

Sec. 7-1: NOTICE. In case of impounding, and where the address of the owner of any such dog is disclosed by any tax or license tag worn by it, or is otherwise known to the officers impounding the same, or by diligent inquiry can be ascertained, the police department shall at once give notice by mail to such owner informing him of the impounding of his dog.

Sec. 7-2: REDEMPTION. Any dog impounded under the provisions of this Ordinance, except such as may have bitten any person as specified in this Ordinance shall, unless sooner redeemed, be held for the period of five days in order to afford opportunity to the owner thereof to redeem the same. Any such owner desiring to redeem his impounded dog shall pay an impounding fee of \$5.00 to the Village, and also the cost of keeping such dog while impounded. In case such dog has not been vaccinated for the current year, such owner shall also advance to the poundkeeper in charge of the pound the fee required to have such dog vaccinated by some duly licensed veterinarian as he shall elect and the poundkeeper shall forthwith cause the dog to be duly vaccinated. No dog shall be released without having been vaccinated for the current calendar year. Upon the payment of the required charges, the dog shall thereupon be released to the owner.

Sec. 7-3: DESTRUCTION. Any impounded dog which shall not be redeemed within five days shall be humanely destroyed by the poundkeeper.

Sec. 8: Dog Bites - Impounding.

Sec. 8-1: Any dog which shall have bitten or otherwise injured any person so as to cause an abrasion of the skin shall be immediately taken up, impounded and kept separated from other dogs for fourteen days. If during that period such dog develops symptoms of illness, a veterinarian shall be called to diagnose its condition. If the symptoms disclosed are such as to indicate the presence of rabies, such dog shall be destroyed, in such manner, however, as to preserve intact the head, which shall thereupon be detached and immediately sent to the diagnostic laboratory of the State Department of Agriculture. In case such dog cannot be safely taken up and impounded, it may be shot, care being taken to preserve the head intact, which shall thereupon be immediately detached and be delivered to the diagnostic laboratory of the State Department of Agriculture.

Sec. 8-2: If at the expiration of the period of fourteen days no symptoms of rabies have developed in such dog so impounded, the same may be redeemed by the owner upon payment of the redemption fees and charges specified by this Ordinance; provided, however, that in case any dog so impounded for biting a person shall have previously bitten any person, such dog shall be humanely destroyed by the poundkeeper. After having been notified that his dog has bitten or otherwise injured any person, the owner thereof shall not under any circumstances permit such animal to be at large unless securely muzzled.

Sec. 8-3: DUTY OF PERSONS HAVING KNOWLEDGE. It shall be the duty of any person who has been bitten, or having knowledge of a person being bitten, scratched or otherwise injured so as to cause abrasion to the skin of such person being bitten or scratched by a biting dog, to report the same to the police department, county health department or county rabies inspector, giving the name and address of the owner of such dog, the license number thereof and the time and place of the incident, if known.

Sec. 9: Nuisances.

Any dog which may in any manner disturb the quiet of any person or neighborhood, or shall destroy or in any manner injure any animal, plant, shrub or other property not on the premises of its owner or keeper, is hereby declared to be a nuisance, and such dog shall be taken up and impounded and may be redeemed or destroyed in the manner provided by this Ordinance.

Sec. 10: Interference With Officers.

No person shall hinder or molest any person so appointed by the President while engaged in seizing, capturing and delivering any such dog as aforesaid, or any other person engaged in the performance of any duty enjoined by the provisions of this Ordinance.

Sec. 11: Proclamation.

At any such time as the President may deem it necessary for the public safety, he may issue a proclamation for all dogs to be immediately confined, and such proclamation shall be in full force and effect upon its being posted in three of the most conspicuous places in the Village.

Sec. 12: Penalties.

Any owner of a dog who is convicted of violating any of the provisions of this Ordinance shall, unless the penalty is otherwise specified in this Ordinance, be fined not less than \$10 nor more than \$100.

Sec. 13: Effect of Partial Invalidity.

If any part or parts of this Ordinance are for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this Ordinance.

Sec. 14: Repeal.

The existing Ordinances covering the same matters embraced in this Ordinance are hereby repealed and all ordinances or parts of ordinances inconsistent with the provisions of this Ordinance are hereby repealed to the extent of the inconsistency.

Sec. 15: Late Licensing Penalty.

Sec. 15-1: LATE APPLICATION. Every person who keeps a dog in the Village who does not pay the annual tax on such dog on or before the 1st day of February of any year is hereby required to pay an annual tax on such dog in the amount of \$6.00.

Sec. 15-2: EXCEPTIONS TO LATE LICENSING FEES. The provisions of this Section of this Ordinance shall not apply to the persons who keeps a dog which was not over the age of three months on or before the 1st day of January of the year in which the annual tax is first paid, or any person who has not been a resident of the Village for a period of thirty days, or any person who has newly acquired a dog and has not kept said dog for a period in excess of thirty days. Such persons shall pay an annual tax on such dog in the amount heretofore provided in Section 2-1 of this Ordinance.

Sec. 16: Saving Clause.

All ordinances or parts of ordinances in conflict herewith be and the same are hereby repealed.

Sec. 17: Effective Date.

This Ordinance shall take effect upon its passage, signing and approval as provided by law.

PASSED this 6th day of October, A. D. 1969, by the affirmative vote of five of the members of the Village Board of Trustees of the Village of Frankfort, Will County, Illinois.

ORDINANCE NO. 634

An Ordinance Establishing Building Permit Fees
And Requiring Deposits For Building Permits

For The Construction, Remodeling And Repairing Of

Residential Buildings And Residential Accessory Buildings

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF FRANKFORT, WILL COUNTY, ILLINOIS:

Section 1. WHEREAS, it has been determined by the President and Board of Trustees of the Village of Frankfort, Will County, Illinois, that it is necessary to revise the existing fee schedule for building permits required for the construction, remodeling, repairing and re-inspection of residential buildings and residential accessory buildings so that the actual costs of issuing such permits and making necessary re-inspections and inspections will be offset by the rates established herein, the present fees covering the same heretofore established by ordinance are hereby revised in accordance with the further provisions of this Ordinance.

Section II. Deposits. The following deposits shall be made at the time an application for a building permit is submitted. In the event a permit is issued, the amount of the deposit shall be credited as part payment of the permit fee. In the event a permit is not issued within ninety (90) days due to the fault of the applicant, the deposit fee shall be forfeited and a new deposit shall accompany any subsequent applications. The deposit fees shall be as follows:

- (a) \$15.00 for the construction of a residence;
- (b) \$ 5.00 for the construction of an attached or detached garage which was not included in the original application for a building permit for the principal building;
- (c) \$ 5.00 for all other building permits or the actual cost of such permits, whichever is less.

Section III. Remodeling or Repairing. The permit fee for remodeling and/or repairing existing structures shall be as follows:

Cost not in excess of:	Permit fee
\$ 500.00	\$ 3.00
\$ 1,000.00	\$ 5.00
Cost in excess of:	Permit fee
\$ 1,000.00	\$ 3.50 per \$1,000.00

Section IV. New Construction. Permit fees for new construction of a residence or an accessory building shall be \$3.00 per \$1,000.00 of costs of such construction. Value as stated in table of Section VI hereof.

Section V. Re-inspection Fees. The costs of all original inspections deemed required by the Village Zoning Officer or a Village Building Inspector shall be paid out of the original permit fees. In the event it shall be necessary that additional re-inspections be made, an additional fee of \$3.00 is hereby imposed for each re-inspection necessary.

Section VI. Valuations. The valuation of all remodeling or repairing, heretofore referred to as costs, is to be based upon the reasonable retail value of all labor and materials used in the making of repairs and/or the remodeling performed. The following table is hereby adopted as the valuation to be used for all other construction:

- \$ 18.00 per square foot on frame homes
- \$ 20.00 per square foot on brick veneer homes
- \$ 22.00 per square foot on all brick homes

Plus;

- \$ 2,500.00 per fireplace
- \$ 1,500.00 per basement
- \$ 1,000.00 per single garage
- \$ 1,500.00 per double garage

Section VII. Payment of Fees. All fees shall be paid at the time a permit is issued. All fees for re-inspections shall be paid upon completion of the structure or work performed. No certificate of occupancy shall be issued until all fees are paid in full.

Section VIII. All Ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed.

Section IX. This Ordinance shall be in full force and effect from and after its passage, approval and publication, according to law.

Passed this 6th day of October, 1969, by a vote of five ayes and no nays.

Walter Pfaff
Village Clerk

Starting classes on the campus from Lemont are: John Robert Bittles, 512 State St., Allen Reno Buresz, East 127th St., Laurence Dastych, 534 Czacki, and Thomas E. Knopinski, 609 Singer Ave.

From Frankfort are Patrick Joseph Flynn, RR 1, Box 122, Michael J. Foli, 93rd Ave., and Jon A. Weichbrodt, 142 Ash.

New Lenox students include: Thomas C. Baskerville, RR 1, Lincoln Hwy., Jack Lane Council Jr., 410 Prairie Rd., Ronald Phillip Cruz, 109 Woodlawn, Gregory Joseph Gonda, 717 Cedar Rd., and Timothy L. Shanahan, Box 128A, RR 1.

Among summer term graduates at Michigan State University, East Lansing, was Martin V. Seitz, 136th St. and Maple, Lemont. He received an M.S. degree in electrical engineering.

David Pope, 55 Little Creek Dr., Lockport, has enrolled as a freshman at Loras College, Dubuque, Iowa. He is concentrating in mathematics. He is the son of Mr. and Mrs. Albert Pope.

LEMONT -- Dean F. W. Cropp announced that over 40 percent of the student body at The College of Wooster (Ohio) was named to the dean's list for the second semester.

Among those included was David Holmes, son of Mr. and Mrs. Burton Holmes of 437 Mallview Lane, Lemont.

Schmitz Selected

LOCKPORT -- Harold J. Schmitz, Sr., 1111 South Washington, has been named executive vice-president of William G. Barr & Associates, developer of apartment complexes in Joliet and other cities.

Schmitz, a long-time resident of the Lockport-Joliet area, has been active in business and civic affairs for many years. He was formerly the district governor of Lions International, the president of the Lockport Township High School Board of Education, a director of the Will County TB Association and of the Lockport Civic and Commerce Association.

At present he is a member of the Will County Board of School Trustees, The Lockport Lions Club, Knights of Columbus and the Moose.

As executive vice-president, Schmitz will be responsible for the overall operations of Barr and Associates.

Galati Is English Speaker

LEMONT -- Michael Galati, chairman of the department of language arts at Lemont Township High School, will address the general session of the Illinois Association of Teachers of English.

The organization's annual conference is Oct. 17 and 18 at the University of Illinois. New classroom practices and techniques will be discussed.

Galati's address will be "Dolman-Delacato Neurological Therapy as an Adjunct to Remedial Reading."

Named To Unit

JOLIET -- Gov. Richard B. Ogilvie has named Will County Superintendent of Schools Boyd R. Bucher a member of the executive committee of the state advisory council on vocational education.

Bucher, who became a member of the parent Council only recently, is the only county superintendent of schools on the seven-man executive committee headed by Dr. Rupert Eyns, dean of the school of education, University of Illinois.

Is Lockport Bank Grad

LOCKPORT -- Robert A. McGrath of Lockport was among 69 bankers who were awarded diplomas in graduation ceremonies of the Illinois Bankers School, sponsored by the Illinois Bankers Association.

McGrath is associated with the First National Bank of Lockport.

Is Appointed

SOUTHWEST -- Michael E. Renzetti, of Wheatland Township, has been named Associate chairman in charge of individual accounts for the 1969 United Crusade of Will County.

WHAT'S AHEAD

Prayer Coffee

LOCKPORT -- The Lockport Business and Professional Women will sponsor a prayer coffee Saturday, Oct. 25, at 9 a.m. in the First Methodist Church, Lockport. The club has planned the prayer coffee in observance of National Business Women's Week, Oct. 19-26. Everyone is invited.

Candy Day Oct. 17-18

LOCKPORT -- The Lockport High School Parent-Teacher - Student Association (P.T.S.A.) will sponsor a candy sale at the Economy Super Mart on Rt. 171 in Lockport. The sale will go on all day, Friday, Oct. 17 and all day Saturday, Oct. 18. The group is currently preparing for convention and the proceeds of the sale will help to cover convention costs.

Beliefs On Agenda

LOCKPORT -- The Council of Catholic Women of St. Joseph Church, Lockport, will hear a unique and interesting program Wednesday, Oct. 15, in the Parish hall, at 8 p.m. A brief business meeting will be held at 7:30 p.m.

The program, presented by the West Suburban Panel of American Women, is comprised of four five-minute talks. The four talks will explain the personal feelings of the Jewish and Catholic woman. The negro and white Protestant woman's outlook will also be discussed.

A question and answer period will follow the talks. The panel hopes to have person-to-person discussion over coffee and refreshments.

All interested women of the community are invited to attend.

What Time Is It?

SOUTHWEST -- Brookfield Zoo is operating on its winter schedule. Buildings close at 4:45 p.m. and Zoo gates will close at 5. The zoo will be open at 10 a.m. every day this winter, including holidays.

Feeding times for the animals are now Lions and penguins, 3:30; Bears, 3; Monkeys, 2:30 and 3:30 p.m.

A new schedule has been adopted for the popular porpoise shows at the Seven Seas Panorama Building. The frolicsome dolphins will now put on shows weekdays at 12, 2 and 3:30 p.m. and performances on Saturdays, Sundays and holidays at 11:30, 1, 2 and 4 p.m.

See A Rabbit

LOCKPORT -- A musical theatre program, "A Rabbit Called Peter," will be presented Nov. 23 at Lockport Central High School at 3 p.m.

The program is a musical account of Peter Rabbit, who thinks he knows just about everything. The show has vitality, humor, a message and a strong musical score.

Length of the program will be one hour, and tickets will be available at 75 cents for children and \$1 for adults.

Open House Oct. 19

LEMONT -- An open house for all prospective students and their parents will be held at Mt. Assisi

Academy from 2 to 5 p.m., Oct. 19.

Program for the afternoon will consist of a tour of the School and an opportunity for informal discussion with faculty members and student guides. Mt. Assisi Academy, a comprehensive high school for girls, is located at 1600 Main St., Lemont.

Seeking Members

SOUTHWEST -- Mothers of Gemini are looking for Mothers of Multiple Births to join the club. For further information, mothers are urged to call either 815-838-3347 or 312-739-0676.

Plan Visit To Vets

LEMONT -- Ladies Auxiliary to the Lemont 22 Honor VFW Post 5819 will sponsor a hospital party to the veterans hospitals on Oct. 19.

Anyone 18 years of age is welcome to come along and help make the day pass a little faster for the veterans in the hospitals.

Anyone having questions should contact either Ann Nissen, hospital chairman, 257-6341, or Jean A. Mischewich, secretary, 257-2372.

Anyone wishing to attend should meet at the VFW club room, 90 New Ave., by 1:30 p.m.

It's Boosters' Oct. 14

ROMEOVILLE -- The regular monthly meeting of the Lockport West Band Boosters will be held Tuesday, Oct. 14, at 8 p.m. in the school cafeteria. Refreshments will be served.

House Open

MOKENA -- Sacred Heart High School, will hold its annual open house from 1 to 3 p.m., Nov. 9. Visitors are invited to tour the school and acquaint themselves with the facilities of the various departments. Information concerning the school's curriculum and activities will be distributed. Sacred Heart High is located approximately one mile north of the junction of U.S. 30 and Rt. 45.

Church Having Tour

SOUTHWEST -- St. Joseph Church of Manhattan will conduct an open house tour of the church from 2 to 5 p.m., Oct. 19.

All guests attending will be escorted on the tour and given explanations of each facet of the church. Refreshments will be served after the tour in the school gym.

Father Joseph Shimanek, pastor, will explain the mass, and Sisters Margaret and Sister Phyllis, O.S.F., teachers at the school, will assist in the explanation of the altar, and sacramentals.

Play Checkers

ROMEOVILLE -- The Romeoville Recreation Board has announced that chess and checkers will begin Wednesday, Nov. 5, and continue through late March. There will be beginner, intermediate and advanced divisions.

Competition is from 7 to 9 p.m. at the West View Junior High School library, providing there is no conflict in scheduling. Paul Lysuay is chief instructor and coordinator.

Boys and girls 12 years and older are invited to attend. Tournaments will be conducted and trophies will be awarded.

Officials' Book Offer

WILL COUNTY -- An up-to-date handbook listing "National, State, County, Town, City and Village officers" is available from Clara Hartley Woodard, county clerk.

In addition to listing the names, addresses and phone numbers of elected officials, the reference book provides the names and addresses of Republican and Democrat precinct committeemen, voting information and statistical data about Will County townships.

"I will be most happy to send a copy by mail to any resident requesting one," Mrs. Woodard said. The County Clerk's office is at the Will County Courthouse, Chicago and Jefferson Streets, Joliet.

District 92 Band On Top

LOCKPORT -- The District 92 Marching Band was awarded first place in the Third Annual District Marching Contest, held at Plainfield, Saturday, Oct. 4. This is the third consecutive year the band has won the contest. The band has been rated first in every contest they have entered for the past five years.

Sunday, Oct. 5, the band participated in the Morris Corn Festival as the "Honorary Band of 1969". The band has won first place honors in the Corn Festival parade for four consecutive years, and was presented with an "Honorary Band Trophy" for this year, in place of competing.

Joins Cattle Association

LOCKPORT -- James D. Wyatt, Lockport, has been accepted as a member in the American-International Charolais Association, Houston, Texas. The Charolais breed of beef cattle originated in France more than 200 years ago and registrations of this breed during the past year totaled 22,191. Membership in the association is now 7,372.

Bus Leader

WILL COUNTY -- Only five other counties in Illinois received more than Will County in state funds subsidizing transportation for public school students in 1968-69, according to Ray Page, state superintendent of public instruction.
